3 Roberta Mayo, Jack Collins, Vivian Jilek, and Rosemarie Schirripa (collectively “Plaintiffs”),
4 individually and on behalf of all others similarly situated, by and through their undersigned
5 attorneys, bring this Amended Consolidated Complaint against defendant Big Heart Pet Brands,
6 Inc. (“Defendant”), to cause Defendant to disclose that its pet food sold throughout the United
7 States is adulterated and contains pentobarbital and to restore monies to the consumers and
8 businesses who purchased the Contaminated Dog Foods (as defined herein) during the time that
9 Defendant failed to make such disclosures. Plaintiffs also seek to bar Defendant from selling any
10 dog food that contains any levels of pentobarbital. Plaintiffs allege the following based upon
11 personal knowledge as well as investigation by their counsel and as to all other matters, upon
12 information and belief (Plaintiffs believe that substantial evidentiary support will exist for the
13 allegations set forth herein after a reasonable opportunity for discovery).

1 “Contaminated Dog Foods”).¹ The Contaminated Dog Foods contain pentobarbital, a barbiturate
2 drug used as a sedative and anesthetic for animals, rendering it adulterated under relevant federal
3 and state law. Pentobarbital is now most commonly used for euthanizing animals.

4 3. Pentobarbital is a Class II controlled substance, and there is no safe or set level for
5 pentobarbital in pet food. If it is present, the food is adulterated.² The ingestion of pentobarbital
6 by your pet can lead to adverse health issues, including:

- 7 • Tyalism (salivation)
- 8 • Emesis (vomiting)
- 9 • Stool changes (soft to liquid stools, blood, mucus, urgency, explosive nature, etc.)
- 10 • Hyporexia (decreased appetite)
- 11 • Lethargy/depression
- 12 • Neurologic abnormalities (tremor, seizure, vocalization, unusual eye movements)
- 13 • Ataxia (difficulty walking)
- 14 • Collapse
- 15 • Coma
- 16 • Death³

17 4. Despite laws governing pet foods and providing government oversight, “[p]et food
18 manufacturers are responsible for taking appropriate steps to ensure that the food they produce is
19 safe for consumption and properly labeled” including “verify[ing] the identity and safety of the
20 ingredients they receive from suppliers.”⁴

21 5. “It is not acceptable to use animals euthanized with a chemical substance in pet or
22 other animal foods.... The detection of pentobarbital in pet food renders the product adulterated.

23 ¹ Discovery may reveal additional products that also contain pentobarbital and Plaintiffs reserve
24 the right to include any such products in this action.

(last visited Apr. 27, 2018)

1 It is the responsibility of the manufacturer to take the appropriate steps to ensure that the food they
2 produce is safe for consumption and properly labeled.”⁵

3 6. Pentobarbital residue from euthanized animals will continue to be present in pet
4 food, even if it is rendered or canned at a high temperature or pressure.⁶

5 7. Pentobarbital is routinely used to euthanize animals, and the most likely way it
6 could get into dog food would be through rendered animal products. Rendered products come
7 from a process that converts animal tissues to feed ingredients, which may include animals that
8 were euthanized, decomposed, or diseased. Pentobarbital from euthanized animals survives the
9 rendering process and could be present in the rendered feed ingredients used in pet food.

10 8. It is not acceptable to use animals euthanized with a chemical substance in pet food,
11 and the detection of pentobarbital in pet food renders the product adulterated.

12 9. Historically, the FDA has not aggressively taken action under section 342(a)(1) or
13 (5) of the Food, Drug, and Cosmetics Act, 21 U.S.C. § 301, *et seq.* (“FDCA”), against the pet food
14 companies that it found to have used non-slaughtered animals and sold pet food containing
15 pentobarbital. Therefore, manufacturers in the pet food industry, including Defendant, have
16 continued their illegal practice of using non-slaughtered animals that may contain poisonous
17 substances, like pentobarbital, in their pet foods.

18 10. It was recently revealed that Defendant was knowingly, recklessly and/or
19 negligently selling Contaminated Dog Foods containing pentobarbital, a substance largely used to
20 euthanize animals.

21 11. On February 8, 2018, it was reported on WJLA, an ABC network affiliate in
22 Washington, D.C., that an independent investigation determined that the Contaminated Dog Foods
23 contained pentobarbital. The independent investigation utilized two different labs and both
24
25
26

27 ⁵ *Id.*

28 ⁶ *Id.*

1 showed that the Contaminated Dog Foods tested positive for pentobarbital. In fact, it was the only
2 brand that tested positive for pentobarbital.⁷

3 12. The report further stated that pentobarbital is not used on farm animals and
4 questioned where the pentobarbital is coming from if it is not from euthanized dogs, cats, or horses.
5 Defendant did not respond to the specific questions raised and instead stated in a press release:
6 “We launched and are conducting a thorough investigation, including working closely with our
7 suppliers, to determine the accuracy of these results and the methodology used.”⁸

8 **REACTIONS TO THE NONDISCLOSURE AND MATERIALITY OF THE PRESENCE**
9 **OF PENTOBARBITAL IN THE CONTAMINATED DOG FOODS**

10 13. Shortly after the public exposure of the fact that the Contaminated Dog Foods
11 contained levels of pentobarbital, Defendant issued a statement assuring consumers, including
12 Plaintiffs and the proposed Classes, that it was “confident in the safety of our products and do not
13 believe you [a consumer] need to take any action at this time.” Exhibit A at 1.

14 14. In this same statement, Defendant admitted that pentobarbital is “not something
15 that is added to pet food. However, it could unintentionally be in raw materials provided by a
16 supplier. We regularly audit our suppliers and have assurances from them about the quality and
17 specifications of the materials they supply us. Raw materials that include pentobarbital do not
18 meet our specifications.” Exhibit A at 2.

19 15. However, Defendant later officially withdrew certain products from the
20 marketplace and altered this press release by removing the statements. Exhibit B.

21 16. Defendant further altered the press release by removing its statement that it follows
22 the American Association Feed Official (AAFCO) standards. Compare Exhibit A at 2 and Exhibit
23 B at 2.

27 ⁷ <http://wjla.com/features/7-on-your-side/fda-to-investigate-after-abc7-exposes-euthanasia-drug-in-dog-food>

28 ⁸ *Id.*

1 17. The same press release also deleted Defendant’s previous representation that it was
2 not associated with the Evanger’s Brand, a dog food Company that recalled adulterated dog food
3 based on the presence of pentobarbital in early 2017. *Contrast* Exhibit A and Exhibit B.

4 18. These changes to the press release suggest that Defendant knew the Contaminated
5 Dog Foods contained pentobarbital.

6 19. Within days of the public revelation that the Contaminated Dog Foods contain
7 pentobarbital, Defendant voluntarily withdrew twenty-seven products, including the Contaminated
8 Dog Foods. The voluntary withdrawal included the additional brands of Kibbles ‘n Bits®, Skippy,
9 and Ol’ Roy.

10 20. On February 16, 2018, the FDA issued an alert to consumers addressing the
11 voluntarily withdrawal of certain products by Defendant. In this alert, the FDA states: “The FDA’s
12 preliminary evaluation of the testing results of Gravy Train samples indicates that the low level of
13 pentobarbital present in the withdrawn products is unlikely to pose a health risk to pets. However,
14 pentobarbital should never be present in pet food and products containing any amount of
15 pentobarbital are considered to be adulterated.”⁹

16 21. The FDA alert further states: “Pentobarbital is a barbiturate drug that is most
17 commonly used in animals as a sedative, anesthetic, or for euthanasia. The FDA’s preliminary
18 evaluation of the testing results of Gravy Train samples indicates that the low level of pentobarbital
19 present in the withdrawn products is unlikely to pose a health risk to pets. However, any detection
20 of pentobarbital in pet food is a violation of the Federal Food, Drug, and Cosmetic Act—simply
21 put, pentobarbital should not be in pet food. The FDA is investigating to learn the potential source
22 and route of the contamination.”¹⁰

23 22. Defendant issued a press release on February 23, 2018, stating that it identified the
24 source of the pentobarbital through “[t]esting done by scientists at an independent, third-party
25
26

27 ⁹ <https://www.fda.gov/animalveterinary/newsevents/ucm597135.htm>

28 ¹⁰ *Id.*

1 microbiology laboratory.” Defendant stated that the testing found “a single ingredient (beef fat)
2 was the source of the contamination.” Exhibit C.

3 23. Defendant did not identify what exactly was tested—whether it was cans of the
4 food pulled from the shelves, cans shipped directly from the manufacturing plant, and/or isolated
5 samples of beef fat from the supplier. Defendant did claim the tested beef fat was sourced from
6 cattle from the United States. However, Defendant has offered no information about how it
7 identified this particular ingredient or whether it tested any other ingredients included in the
8 recalled pet foods. *See* Exhibit C. Additionally, beef fat is not an ingredient listed on the label of
9 any of the Contaminated Dog Foods.¹¹

10 24. Defendant also did not specify what animals they tested the Contaminated Dog
11 Foods for beyond cattle. When doing DNA testing, it must be determined beforehand what species
12 will be looked for (i.e. dog, cat, cattle, horse, etc.). Defendant has not disclosed whether its testing
13 looked for dog, cat, or horse DNA.

14 25. In the February 23, 2018, press release, Defendant admitted that the “presence [of
15 pentobarbital] at any level is not acceptable and is not up to our quality standards.” Exhibit C.

16 26. Defendant updated this statement on March 2, 2018, now claiming that the
17 laboratory tests confirm the contaminated animal fat was “from cow, pig and chicken and no other
18 animal of the nine types tested.” Once again, Defendant did not identify what types of animals
19 were included in that testing. Exhibit D.

20 27. Defendant has yet to disclose the name of the manufacturing plant and/or supplier
21 that it references as the suspected source of the contaminated raw materials containing
22 pentobarbital.

23 28. On March 2, 2018, Defendant further changed its statements regarding the “source
24 of contamination.” The type of animal fats the Defendant now claims are the sources of
25 pentobarbital in the Contaminated Dog Foods was expanded to include pig and chicken fat and
26

27
28 ¹¹ <http://wjla.com/features/7-on-your-side/fda-investigation-continues-into-dog-food-contaminated-with-euthanasia-drug>

1 “no other animal of the nine types tested.” However, Defendant has still failed to disclose the nine
2 sources tested.

3 29. In addition, Defendant further edited its February 23, 2018, press release by
4 changing from a “voluntary withdrawal” of the specific products to a “class III recall.”¹²

5 30. On March 2, 2018, the FDA formally issued a recall for the Contaminated Dog
6 Foods “based ... on a test by [Defendant] confirming the presence of pentobarbital in the tallow
7 ingredient used in the affected products.”¹³ The FDA is continuing to investigate the Contaminated
8 Dog Foods.

9 31. Consumers have also reacted to the news of Defendant allowing its products to be
10 sold with no disclosure of the inclusion of pentobarbital. Indeed, social media comments highlight
11 that a reasonable consumer, like Plaintiffs and the Classes, had no idea that they may be feeding
12 their beloved pet adulterated food and it is something they believe should have been disclosed to
13 the public.

14 **THE STAGGERING REALITY OF THE EXTENT OF THE CONTAMINATION**
15 **COULD HAVE BEEN PREVENTED IF DEFENDANT FOLLOWED ITS OWN**
16 **TOUTED QUALITY AND SUPPLIER STANDARDS**

17 32. In the end, *over ninety million cans* of food manufactured and distributed by
18 Defendant were recalled because of the inclusion of pentobarbital.

19 33. Moreover, the testing results showed alarmingly high levels of pentobarbital in the
20 tallow. Specifically, the current supply tested showed levels ranging from 801 ppb to 852 ppb,
21 and the retained sample from 2017 contained pentobarbital at the level of 529 ppb.

22 34. Despite this, Defendant has publicly represented that the testing showed “extremely
23 low levels of pentobarbital,” but claimed such levels “do not pose a threat to pet safety.” Defendant
24 has failed to disclose or acknowledge the testing results that showed the high levels of
25 pentobarbital in the tallow.

26
27 ¹² *Id.*

28 ¹³ <https://www.fda.gov/AnimalVeterinary/NewsEvents/ucm597135.htm>

1 35. Indeed, the FDA told Defendant that its “cooperation in this matter is important *to*
2 *the protection of the general public*” when it formally advised Defendant that a recall was
3 necessary based on the “finding of pentobarbital in tallow used as an ingredient.”

4 36. Defendant claims that the source of contaminated tallow comes from one
5 supplier—JBS USA Holdings, Inc. (a subsidiary of JBS S.A.) and its rendering facility MOPAC
6 located in eastern Pennsylvania (collectively, “JBS”).

7 37. JBS knowingly works with meat by-product recycling, including animal by-
8 products not suitable for human consumption. In fact, it is publicly disclosed that MOPAC has
9 accepted euthanized horses. Exhibit E.¹⁴

10 38. Moreover, JBS has been plagued by investigations, recalls, and other red flag
11 situations that should have alerted Defendant it needs to confirm the safety, quality, and reputation
12 of JBS and the products purchased from JBS for inclusion in the Contaminated Dog Foods.

13 39. Indeed, examples of such red flags are:

- 14 • June 2009 – In response to an E. coli outbreak that sickened at least 23 people, JBS Swift
15 Beef Company, a Colorado firm, recalled 421,280 pounds of beef products that may have
16 been contaminated with E. coli O157:H7.
- 17 • September 2010 – The JBS unit was forced to undertake a third recall, this one for 258,000
18 pounds of cooked beef products.
- 19 • June 2013 – JBS Swift, Tyson Fresh Meat, Beef Products Inc. and several other companies
20 blamed for the 2010 death of a Minnesota man due to E. coli poisoning in a lawsuit filed
21 on January 8, 2013.
- 22 • August 2015 – Inhumane treatment in the handling and/or slaughtering of animals was
23 cited in Quarter 2 at three out of four large-volume plants where USDA meat inspectors
24 started administrative actions, either now taken or pending, that often end with short
25 suspensions. The nation’s top meat producers—Cargill Meat Solutions, JBS, and Tyson
26 Fresh Meats Inc.—own and operate seven of those large plants, where employment tops
27 500 and production levels put them among the elite high volume plants.
- 28 • April 2017 – Health authorities in Europe, China, and Brazil all temporarily pulled beef
from the Brazilian meat giant JBS off of grocery store shelves, in response to evidence that
the company was involved in a massive corruption scandal to export rotten and
contaminated meat.

¹⁴ <http://www.saveamericashorses.net/slaughter/parender.htm>

- August 2017 – JBS USA, Inc. recalled 4,922 pounds of ground beef products produced at its Lenoir, NC facility because they may be contaminated with extraneous materials, according to the U.S. Department of Agriculture’s Food Safety and Inspection Service.

40. Yet Defendant chose to utilize JBS as a supplier even though it maintains that it keeps rigorous quality and supplier standards from “start to finish” and performs three-tier auditing that includes third party auditors, to ensure pure ingredients and fair labor are used in its products, including the Contaminated Dog Foods. Given this rigorous auditing process, Defendant knew or recklessly chose to ignore that the Contaminated Dog Foods were adulterated pet food as it retained samples of the tallow that should have been tested based on the claimed practices and standards by Defendant and the public knowledge that MOPAC has accepted euthanized horses.¹⁵

41. Defendant also knew the real risk that pentobarbital may appear in the Contaminated Dog Foods if the manufacturing and sourcing were not properly monitored. Indeed, this is not the first time that the Gravy Train or Kibbles ‘n Bits® lines of food have been determined to include pentobarbital: “Back in 2001, analyses by the FDA found residue of the sedative in popular brands like Nutro, Gravy Train, and Kibbles ‘n Bits.”¹⁶

42. Moreover, Defendant’s Corporate Responsibility Policy says the top priority is the “safety and quality” of its products:¹⁷

Pet food safety and quality. *Big Heart Pet Brands top priority is the safety and quality of our products. Our goal is to produce the finest pet food products available on the market today. All of our products are made under a system of strict food safety and quality controls combined with ongoing inspection and monitoring. All of our programs are designed to exceed the Global Food Safety Initiative standards. Our products are made with nutritious, quality ingredients that meet the applicable standards and specifications of the U.S. Department of Agriculture (USDA), Association of American Feed Control Officials (AAFCO) and the Food & Drug Administration (FDA). Each of our products is processed and packaged following strict food safety and quality control procedures that comply with the Good Manufacturing Practices established by the FDA. These procedures ensure that the resulting food will be pure, wholesome and safe for pets.*

43. In this same document, Defendant claims that it has a “rigorous supplier approval process” and only purchases ingredients from “reputable suppliers.” And, Defendant goes further

¹⁵ <http://www.bigheartpet.com/assets/CR-Policy.pdf>

¹⁶ <https://www.care2.com/causes/fda-says-pet-food-company-cannot-donate-recalled-products-to-shelter.html>

¹⁷ Big Heart Pet Brands, Corporate Responsibility Policy,” <http://www.bigheartpet.com/assets/CR-Policy.pdf>

1 to declare, that once a supplier is approved, “*a comprehensive testing program is in place to assess*
2 *the safety and quality of the ingredients upon receipt. This includes a combination of laboratory*
3 *analysis and physical inspection of the ingredients.*”¹⁸

4 44. Here, Defendant admittedly retained samples of the tallow from JBS. These same
5 samples showed the alarmingly high levels of pentobarbital once tested in response to the
6 independent investigation by WJLA. Thus, Defendant either knowingly included the
7 contaminated tallow as an ingredient in its dog food products or purposefully ignored the publicly
8 touted testing program it has implemented “to assess the safety of quality of the ingredients” in
9 manufacturing the Contaminated Dog Foods.

10 45. Finally, Defendant highlights the strict oversight it supposedly applies across all its
11 brands, including Gravy Train and Kibbles ‘n Bits®, to ensure high quality products “from start to
12 finish, inside and out.”¹⁹

13 We apply the same expectations of quality that we
14 hold for ourselves to our suppliers. Our supplier
15 management program includes an extensive evaluation
16 of manufacturing locations and a comprehensive testing
17 program that is used to assess the safety and quality
18 of ingredients upon receipt. This program includes
19 a combination of laboratory analysis and physical
inspection.

17 Through rigorous commitment to the quality of our
18 products—from start to finish, inside and out—Big Heart
19 Pet Brands is able to nurture the bond between pets and
the people who love them.

20 46. Following the discovery of pentobarbital in the Contaminated Dog Foods,
21 Defendant’s own actions show the misleading representations concerning its supposed rigorous
22 and strict quality control. Specifically, Defendant only recently started testing “all of [its] products
23 for the presence of pentobarbital as a new quality assurance protocol.” Defendant further

6 47. Defendant formulates, develops, manufactures, labels, distributes, markets,
7 advertises, and sells its extensive lines of the Contaminated Dog Food products in California and
8 across the United States.

9 48. Defendant negligently, recklessly, and/or knowingly falsely advertises that the
10 Contaminated Dog Foods are healthy and provide complete nutrition and quality while omitting
11 they are adulterated with pentobarbital.

12 49. Defendant wrongfully advertised and sold the Contaminated Dog Foods without
13 any label or warning indicating to consumers that these products contained any level of
14 pentobarbital or that Defendant utilized animals that have been euthanized as a protein or meat by-
15 product source.

16 50. Defendant also wrongfully advertised and sold the Contaminated Dog Foods as
17 complete nutrition, quality, and healthy despite the presence of pentobarbital.

18 51. Instead, the advertising and labels intentionally omit any reference to the food being
19 adulterated:

53. Defendant’s omissions are material, false, misleading, and reasonably likely to deceive the public. This is especially true in light of the long-standing campaign by Defendant to market all its products, including the Contaminated Dog Foods as “providing safe, healthy, and high-quality food” with “the purest ingredients.”²²

54. Defendant’s advertising campaign is false, misleading, and/or deceptive by using these descriptions, promises, and representations because there was no label or warning indicating to consumers that these products contained any level of pentobarbital or that Defendant utilized euthanized animals as a protein or meat by-product source. Defendant's statements, partial disclosures, and omissions are false, misleading, and crafted to deceive the public as they create an image that the Contaminated Dog Foods are healthy, safe, have only pure ingredients and are manufactured under rigorous standards.

²²Big Heart Pet Brands, “Pets,” <http://www.bigheartpet.com/corporate-responsibility/pets.aspx>

1 55. Defendant chose to advertise, label, and market its products, including the
2 Contaminated Dog Foods, as pure, high quality, healthy and safe for dogs to ingest without
3 disclosing that the Contaminated Dog Foods were adulterated and contained pentobarbital. The
4 Contaminated Dog Foods are available at numerous retail and online outlets.

5 56. In fact, Defendant made affirmative misleading representations that its products,
6 including the Contaminated Dog Foods, were not adulterated or would contain any controlled
7 substance, including pentobarbital. Specifically, Defendant promises to its consumers that all
8 products meet USDA, AAFCO and FDA standards.²³

9 57. This is untrue because the Contaminated Dog Foods are adulterated, which is not
10 proper under state and federal laws and regulations. Specifically, under the FDCA, a food is
11 adulterated if it “bears or contains any poisonous or deleterious substance which may render it
12 injurious to health.” 21 U.S.C. § 342. Under California law, pet food is considered adulterated if
13 “it bears or contains any poisonous or deleterious substance that may render it injurious to health”
14 or “if damage or inferiority has been concealed in any manner.” Cal. Health & Safety Code §
15 113090(a), (h). California’s statute also provides that pet food ingredients “of animal or poultry
16 origin shall be only from animals or poultry slaughtered or processed in an approved or licensed
17 establishment.... Animal or poultry classified as ‘deads’ are prohibited.” Cal. Health & Safety
18 Code § 113035. Other relevant states likewise prohibit the sale of adulterated pet food. Ohio Rev.

22 58. The Contaminated Dog Foods are widely advertised.

23 59. Defendant's webpage and adopted corporate policies repeatedly make the false,
24 misleading, and/or deceptive statements, described above, about the Contaminated Dog Foods
25 without any mention of pentobarbital or that Defendant utilized euthanized animals as a protein or
26 meat by-product source.

27 _____
28 ²³ <http://www.bigheartpet.com/assets/CR-Policy.pdf>

1 60. As a result of Defendant's omissions and misrepresentations, a reasonable
2 consumer would have no reason to suspect the presence of pentobarbital without conducting his
3 or her own scientific tests, or reviewing third-party scientific testing of these products.

4 61. Consumers have increasingly become more aware and cautious about the
5 nutritional value and ingredients in the pet food they choose to purchase.

6 62. Additionally, Defendant knew that a consumer would be feeding the Contaminated
7 Dog Foods multiple times each day to his or her dog, leading to repeated exposure of the
8 barbiturate to the dog(s).

9 63. A reasonable consumer, such as Plaintiffs and other members of the Classes would
10 have no reason to expect and anticipate that the Contaminated Dog Foods are made up of anything
11 other than pure ingredients from reputable suppliers or that quality and safety is not the top priority,
12 as promised by Defendant. Defendant's non-disclosure and concealment of any level of
13 pentobarbital or utilization of euthanized animals as a protein or meat by-product source in the
14 Contaminated Dog Foods coupled with partial disclosures and/or misrepresentations that the food
15 is pure, quality, healthy, and safe by Defendant is intended to and does, in fact, cause consumers
16 to purchase a product they would not have bought at all if the true quality and ingredients were
17 disclosed. As a result of these false statements, omissions, and concealment, Defendant has
18 generated substantial sales of the Contaminated Dog Foods.

19 64. Plaintiffs bring this action individually and on behalf of all other similarly situated
20 consumers within the United States who purchased the Contaminated Dog Foods, in order to cause
21 the disclosure of the inclusion of pentobarbital and/or the utilization of euthanized animals as a
22 protein or meat by-product source in the Contaminated Dog Foods, to correct the false and
23 misleading perception Defendant has created in the minds of consumers that the Contaminated
24 Dog Foods are high quality, safe, and healthy, and to obtain redress for those who have purchased
25 the Contaminated Dog Foods.

26
27
28

**CONSUMERS ARE STILL ABLE TO PURCHASE THE RECALLED
CONTAMINATED DOG FOODS**

1
2 65. Defendant has represented that “[t]here is nothing more important than ensuring pet
3 parents can continue to feel confident they are making the best decision for their pets when they
4 choose our brand” and that it voluntarily withdrew all dog food products that are subject to the
5 recall.

6 66. Likewise, the FDA has informed the public that Defendant was “withdrawing all
7 lots of these [the Contaminated Dog Foods] that were manufactured from 2016 through the
8 present.”²⁴

9 67. Yet, to date, consumers are still able to purchase the Contaminated Dog Foods from
10 stores and online merchants. Thus, consumers who are unaware of the recall are able to purchase
11 the Contaminated Dog Foods without receiving any notice that the dog food has been recalled or
12 is adulterated at the time of purchase. Moreover, consumers who have relied on the affirmative
13 statements by Defendant that the Contaminated Dog Foods are no longer on the shelves or
14 available to purchase online have been misled into purchasing the Contaminated Dog Foods.
15 Indeed, upon information and belief, consumers were still able to purchase certain lines of the
16 Contaminated Dog Foods up to June 1, 2018, on a Big-Box store’s website.

13 continued to purchase until approximately January 2015. Plaintiff Mullins also fed Cawood Gravy
14 Train dry food. Plaintiff Mullins primarily purchased the Contaminated Dog Foods from
15 Heartland Kroger in Lexington, Kentucky. During that time, based on the false and misleading
16 claims, warranties, representations, advertisements, and other marketing by Defendant, Plaintiff
17 Mullins was unaware that the Contaminated Dog Foods contained any level of pentobarbital, a
18 substance largely used to euthanize animals.

19 72. As the result of Defendant's deceptive and negligent conduct as alleged herein,
20 Plaintiff Mullins was injured when he purchased the Contaminated Dog Foods that did not deliver
21 what it promised and did business with a company he would not have if he knew that the
22 Contaminated Dog Foods contained any level of pentobarbital or that Defendant utilized animals
23 that have been euthanized as a protein source. He purchased the adulterated Contaminated Dog
24 Foods on the assumption that the labeling of the Contaminated Dog Foods was accurate and that
25 it was unadulterated, pure, high quality, healthy, and safe for dogs to ingest and did not include
26 euthanized animals as a protein source. Further, should Plaintiff Mullins encounter the
27 Contaminated Dog Foods in the future, he could not rely on the truthfulness of the packaging,
28 absent corrective changes to the packaging and advertising of the Contaminated Dog Foods.

1 73. Plaintiff Thomas Roupe (“Plaintiff Roupe”) is, and at all times relevant hereto has

9 approximately March 2016, and his last purchase was on approximately February 16, 2018.
10 Plaintiff Roupe no longer purchases the Contaminated Dog Foods after learning of the presence of
11 pentobarbital. Plaintiff Roupe primarily purchased the Contaminated Dog Foods from his local
12 Walmart and Piggly Wiggly. During that time, based on the false and misleading claims,
13 warranties, representations, advertisements, and other marketing by Defendant, Plaintiff Roupe
14 was unaware that the Contaminated Dog Foods contained any level of pentobarbital, a substance
15 largely used to euthanize animals. Plaintiff Roupe was injured by purchasing the Contaminated
16 Dog Foods that had no value or *de minimis* value as they were adulterated.

17 75. As the result of Defendant's deceptive and negligent conduct alleged herein,
18 Plaintiff Roupe was injured when he purchased the Contaminated Dog Foods, which did not
19 deliver what Defendant promised and had no value or *de minimis* value as they were adulterated.
20 Plaintiff Roupe was further injured as he did business with a company he would not have if he
21 knew that the Contaminated Dog Foods contained any level of pentobarbital or that Defendant
22 utilized euthanized animals as a protein source. He purchased the adulterated Contaminated Dog
23 Foods on the assumption that the labeling of the Contaminated Dog Foods was accurate and that

25 euthanized animals as a protein source. Further, should Plaintiff Roupe encounter the
26 Contaminated Dog Foods in the future, he could not rely on the truthfulness of the packaging,
27 absent corrective changes to the packaging and advertising of the Contaminated Dog Foods.

4 Train Strips in Gravy with Beef Strips) and fed the Contaminated Dog Foods to his dog, Samson,
5 a rottweiler-shepherd mix. Plaintiff Sebastiano trusted Defendant’s representations about the
6 safety and quality of its products when he purchased the Contaminated Dog Foods.

7 77. Beginning in approximately June 2015, Plaintiff Sebastiano generally purchased
8 ten-twelve cans of the Contaminated Dog Foods each month from his local Walmart in Spring
9 Hill, Florida. His last purchase was approximately November 1, 2017. In August 2017, Plaintiff
10 Sebastiano’s dog became weak and confused, began vomiting, had blood in his stool, lost weight,
11 no longer wanted to eat, and had trouble standing and walking. At only seven and a half years old,
12 Samson died, on December 4, 2017.

13 78. During the time Plaintiff Sebastiano purchased the Contaminated Dog Foods, and
14 because of the false and misleading claims, warranties, representations, advertisements, and other
15 marketing by Defendant, Plaintiff Sebastiano was unaware that the Contaminated Dog Foods
16 contained any level of pentobarbital, a substance largely used to euthanize animals. Plaintiff
17 Sebastiano was injured by purchasing the Contaminated Dog Foods that had no value or *de minimis*
18 value because they were adulterated.

19 79. As the result of Defendant's deceptive and negligent conduct alleged herein,
20 Plaintiff Sebastiano was injured when he purchased the Contaminated Dog Foods, which did not
21 deliver what Defendant promised and had no value or *de minimis* value as they were adulterated.
22 Plaintiff Sebastiano was further injured as he did business with a company he would not have if
23 he knew the Contaminated Dog Foods contained any level of pentobarbital or that Defendant
24 utilized euthanized animals as a protein source. He purchased the adulterated Contaminated Dog
25 Foods on the assumption that the labeling of the Contaminated Dog Foods was accurate and that
26 it was unadulterated, pure, high quality, healthy, and safe for dogs to ingest and did not include
27 euthanized animals as a protein source. Further, should Plaintiff Sebastiano encounter the
28

1 Contaminated Dog Foods in the future, he could not rely on the truthfulness of the packaging,
2 absent corrective changes to the packaging and advertising of the Contaminated Dog Foods.

3 80. Plaintiff Nancy Sturm (“Plaintiff Sturm”) is, and at all times relevant hereto has
4 been, a citizen of the State of Illinois. Plaintiff Sturm purchased certain lines of the Contaminated
5 Dog Foods (including Gravy Train Chunks in Gravy with Beef Chunks and Gravy Train Chunks
6 in Gravy with Lamb and Rice Chunks) and fed the Contaminated Dog Foods to her six rescue
7 dogs: Angel, a seventeen-year-old boxer/beagle mix; Penny, a ten-year-old terrier mix; Sugar and
8 Boots, who are six-year-old sisters that are black lab and golden retriever mixes; Dottie, a four-
9 year-old Australian shepherd and bluetick coonhound mix; and Maggie a 9 month old mixed breed
10 puppy. Plaintiff Sturm considers her rescue dogs to be a part of her family and trusted in Defendant
11 when purchasing the Contaminated Dog Foods.

12 81. Plaintiff Sturm has been purchasing the Contaminated Dog Foods for over five
13 years and her last purchase was approximately February 1, 2018. Plaintiff Sturm no longer
14 purchases the Contaminated Dog Foods after learning of the inclusion of pentobarbital. Plaintiff

16 time, based on the false and misleading claims, warranties, representations, advertisements, and
17 other marketing by Defendant, Plaintiff Sturm was unaware that the Contaminated Dog Foods
18 contained any level of pentobarbital, a substance largely used to euthanize animals. Plaintiff Sturm
19 was injured by purchasing the Contaminated Dog Foods that had no value or *de minimis* value as
20 they were adulterated.

21 82. As the result of Defendant's deceptive and negligent conduct alleged herein,
22 Plaintiff Sturm was injured when she purchased the Contaminated Dog Foods, which did not
23 deliver what Defendant promised and had no value or *de minimis* value as they were adulterated.
24 Plaintiff Sturm was further injured as she did business with a Company she would not have if she
25 knew that the Contaminated Dog Foods contained any level of pentobarbital or that Defendant
26 utilized animals that have been euthanized as a protein source. She purchased the adulterated
27 Contaminated Dog Foods on the assumption that the labeling of the Contaminated Dog Foods was
28 accurate and that it was unadulterated, pure, high quality, healthy and safe for dogs to ingest and

1 did not include euthanized animals as a protein source. Further, should Plaintiff Sturm encounter
2 the Contaminated Dog Foods in the future, she could not rely on the truthfulness of the packaging,
3 absent corrective changes to the packaging and advertising of the Contaminated Dog Foods.

4 83. Plaintiff Mark Johnson (“Plaintiff Johnson”) is, and at all times relevant hereto has

12 foods he fed his dogs were safe and unadulterated and also trusted in Defendant’s representations
13 about the safety of its products when purchasing the Contaminated Dog Foods. Devastatingly,
14 Plaintiff Johnson lost all thirteen dogs, including one pregnant female, on January 14 and 15, 2018.
15 At that time, all of his dogs were showing symptoms of kidney failure so the veterinarian
16 recommended that all thirteen be put down. All of the dogs were fed the Contaminated Dog Foods
17 at the same time and all were sick within hours after eating the Contaminated Dog Foods. They
18 subsequently all died within two days of eating the Contaminated Dog Foods.

19 84. Plaintiff Johnson has been purchasing the various types of the Gravy Train lines of

4 Plaintiff Johnson was injured when he purchased the Contaminated Dog Foods, which did not
5 deliver what Defendant promised and had no value or *de minimis* value as they were adulterated.
6 Plaintiff Johnson was further injured as he did business with a company he would not have if he
7 knew that the Contaminated Dog Foods contained any level of pentobarbital or that Defendant
8 utilized euthanized animals as a protein source. He purchased the adulterated Contaminated Dog
9 Foods on the assumption that the labeling of the Contaminated Dog Foods was accurate and that
10 it was unadulterated, pure, healthy, and safe for dogs to ingest and did not include euthanized
11 animals as a protein source. Further, should Plaintiff Johnson encounter the Contaminated Dog
12 Foods in the future, he could not rely on the truthfulness of the packaging, absent corrective
13 changes to the packaging and advertising of the various types of the Gravy Train lines of the
14 Contaminated Dog Foods.

14 on the truthfulness of the packaging, absent corrective changes to the packaging and advertising
15 of the Contaminated Dog Foods.

16 98. Plaintiff Joyce Brown (“Plaintiff Brown”) is, and at all times relevant hereto has
17 been, a citizen of the State of Texas. Plaintiff Brown purchased certain lines of the Contaminated
18 Dog Foods (including Gravy Train Chunks in Gravy with Beef Chunks) and occasionally mixed

9 deceptive and negligent conduct alleged herein, Plaintiff Brown was injured when she purchased
10 the Contaminated Dog Foods, which did not deliver what Defendant promised and had no value
11 or *de minimis* value because they were adulterated. Plaintiff Brown was further injured as she did

15 Contaminated Dog Foods was accurate and that it was unadulterated, pure, healthy, and safe for
16 dogs to ingest and did not include pentobarbital or euthanized animals as a protein source. Further,

19 the Contaminated Dog Foods.

20 101. Plaintiff Roberta Mayo ("Plaintiff Mayo") is, and at all times relevant hereto has
21 been, a citizen of the State of Washington. Plaintiff Mayo purchased the Contaminated Dog Foods
22 (including Gravy Train with Chicken Chunks and Gravy Train with Beef Chunks) and fed the
23 Contaminated Dog Foods to her dogs, including Cocheese (a lab mix), Glory B (a chocolate lab
24 mix), and Blade (an Alaskan husky mix). Most recently, Glory B passed away on or around
25 February 2, 2018, two days after she consumed a can of Gravy Train with Chicken Chunks on or
26 around January 31, 2018. On February 5, 2018, Plaintiff Mayo's cat, Midnight, also passed away
27 after having accidentally ingested some of the Contaminated Dog Food fed to Glory B on January
28 31st. Plaintiff Mayo believed that the Gravy Train foods she fed her dogs were safe, quality

1 products and trusted in Defendant's representations about the safety of its products when
2 purchasing the Contaminated Dog Foods.

3 102. Plaintiff Mayo began purchasing the Contaminated Dog Foods on occasion for her
4 dogs in or around February 2015, and her last purchase was on or around January 29, 2018, when
5 she purchased two cans of Gravy Train with Chicken Chunks. Plaintiff Mayo no longer purchases
6 the Contaminated Dog Foods after learning of the presence of pentobarbital. Plaintiff Mayo
7 purchased the Contaminated Dog Foods from Safeway in Woodland, Washington; Walmart in
8 Woodland, Washington; and WinCo Foods in Longview, Washington. During that time, based on
9 the false and misleading claims, warranties, representations, advertisements, and other marketing
10 by Defendant, Plaintiff Mayo was unaware that the Contaminated Dog Foods contained any level
11 of pentobarbital, a substance largely used to euthanize animals. Plaintiff Mayo was injured by
12 purchasing the Contaminated Dog Foods that had no value or *de minimis* value as they were
13 adulterated.

14 103. As the result of Defendant's deceptive and negligent conduct alleged herein,
15 Plaintiff Mayo was injured when she purchased the Contaminated Dog Foods, which did not
16 deliver what Defendant promised and had no value or *de minimis* value as they were adulterated.
17 Plaintiff Mayo was further injured as she did business with a company she would not have if she
18 knew that the Contaminated Dog Foods contained any level of pentobarbital or that Defendant
19 utilized euthanized animals as a protein source. She purchased the adulterated Contaminated Dog
20 Foods on the assumption that the labeling of the Contaminated Dog Foods was accurate and that
21 it was unadulterated, pure, healthy, and safe for dogs to ingest and did not include euthanized
22 animals as a protein source. Further, should Plaintiff Mayo encounter the Contaminated Dog
23 Foods in the future, she could not rely on the truthfulness of the packaging, absent corrective
24 changes to the packaging and advertising of the Contaminated Dog Foods.

25 104. Plaintiff Jack Collins ("Plaintiff Collins") is, and at all times relevant hereto has
26 been, a citizen of the State of Maryland. Plaintiff Collins purchased the Contaminated Dog Foods

1 Burger Dinner with Real Bacon & Cheese Bits in Gravy, and Kibbles ‘n Bits Chef’s Choice Bistro
2 Tender Cuts with Real Beef & Vegetables in Gravy) and fed the Contaminated Dog Foods to his
3 miniature poodle, Duffy. Duffy passed away in February 2018, soon after consuming a can of
4 Gravy Train. Plaintiff Collins believed that the Gravy Train and Kibbles ‘n Bits dog food he fed
5 his dog were safe, quality products and trusted in Defendant’s representations about the safety of
6 its products when purchasing the Contaminated Dog Foods.

7 105. Plaintiff Collins began purchasing the Contaminated Dog Foods in or around May
8 2016, and his last purchase was in or around February 2018. Plaintiff purchased a case containing
9 twelve cans of the Contaminated Dog Foods approximately every two to three weeks. Plaintiff
10 Collins no longer purchases the Contaminated Dog Foods after learning of the presence of
11 pentobarbital. Plaintiff Collins purchased the Contaminated Dog Foods from Walmart in
12 Waynesboro, Pennsylvania. During that time, based on the false and misleading claims,
13 warranties, representations, advertisements, and other marketing by Defendant, Plaintiff Collins
14 was unaware that the Contaminated Dog Foods contained any level of pentobarbital, a substance
15 largely used to euthanize animals. Plaintiff Collins was injured by purchasing the Contaminated
16 Dog Foods that had no value or *de minimis* value as they were adulterated.

17 106. As the result of Defendant's deceptive and negligent conduct alleged herein,
18 Plaintiff Collins was injured when he purchased the Contaminated Dog Foods, which did not
19 deliver what Defendant promised and had no value or *de minimis* value as they were adulterated.
20 Plaintiff Collins was further injured as he did business with a company he would not have if he
21 knew that the Contaminated Dog Foods contained any level of pentobarbital or that Defendant
22 utilized euthanized animals as a protein source. He purchased the adulterated Contaminated Dog
23 Foods on the assumption that the labeling of the Contaminated Dog Foods was accurate and that
24 it was unadulterated, pure, healthy, and safe for dogs to ingest and did not include euthanized
25 animals as a protein source. Further, should Plaintiff Collins encounter the Contaminated Dog
26 Foods in the future, he could not rely on the truthfulness of the packaging, absent corrective
27 changes to the packaging and advertising of the Contaminated Dog Foods.

28

1 107. Plaintiff Vivian Jilek (“Plaintiff Jilek”) is, and at all times relevant hereto has been,
2 a citizen of the state of Minnesota. Plaintiff Jilek purchased certain lines of the Contaminated Dog
3 Foods (including Gravy Train with Beef Chunks, Gravy Train with Chicken Chunks, and Gravy
4 Train Beef and Bacon) and fed the Contaminated Dog Foods to her purebred Yorkshire terrier,
5 Sophie. Plaintiff Jilek believed the Gravy Train foods she fed her dog were safe and healthy, and
6 trusted in Defendant’s representations about the safety of its products when purchasing the
7 Contaminated Dog Foods.

8 108. Plaintiff Jilek has been purchasing the Contaminated Dog Foods since
9 approximately 2013, and her last purchase was in approximately April 2018. Plaintiff Jilek no
10 longer purchases the Contaminated Dog Foods after learning of the presence of pentobarbital.
11 Plaintiff Jilek primarily purchased the Contaminated Dog Foods from Family Dollar in Faribault,
12 Minnesota and Family Dollar in Owatonna, Minnesota. During that time, based on the false and
13 misleading claims, warranties, representations, advertisements, and other marketing by Defendant,
14 Plaintiff Jilek was unaware that the Contaminated Dog Foods contained any level of pentobarbital,
15 a substance largely used to euthanize animals. Plaintiff Jilek was injured by purchasing the
16 Contaminated Dog Foods that had no value or *de minimis* value as they were adulterated.

17 109. As the result of Defendant's deceptive and negligent conduct alleged herein,
18 Plaintiff Jilek was injured when he purchased the Contaminated Dog Foods, which did not deliver
19 what Defendant promised and had no value or *de minimis* value as they were adulterated. Plaintiff
20 Jilek was further injured as she did business with a company she would not have if she knew that
21 the Contaminated Dog Foods contained any level of pentobarbital or that Defendant utilized
22 euthanized animals as a protein source. She purchased the adulterated Contaminated Dog Foods
23 on the assumption that the labeling of the Contaminated Dog Foods was accurate and that it was
24 unadulterated, pure, high quality, healthy, and safe for dogs to ingest and did not include
25 euthanized animals as a protein source. Further, should Plaintiff Jilek encounter the Contaminated
26 Dog Foods in the future, she could not rely on the truthfulness of the packaging, absent corrective
27 changes to the packaging and advertising of the Contaminated Dog Foods.

28

1 110. Plaintiff Rosemarie Schirripa (“Plaintiff Schirripa”) is, and at all times relevant

6 to her dog, Otto, a seven-year-old miniature schnauzer . Plaintiff Schirripa believed the Kibbles
7 ‘n Bits food she fed her dog were safe and healthy, and trusted in Defendant’s representations
8 about the safety of its products when purchasing the Contaminated Dog Foods. Plaintiff Schirripa
9 began purchasing the Contaminated Dog Foods in June 2017 and last purchased them in October
10 2017. Plaintiff Schirripa primarily purchased the Contaminated Dog Foods from Walmart.com.
11 After learning of the presence of pentobarbital, Plaintiff Schirripa no longer purchases the
12 Contaminated Dog Foods. Plaintiff Schirripa trusted Defendant’s representations about the safety
13 and quality of its products when she purchased the Contaminated Dog Foods.

14 111. During the time Plaintiff Schirripa purchased the Contaminated Dog Foods, and
15 because of the false and misleading claims, warranties, representations, advertisements, and other
16 marketing by Defendant, she was unaware that the Contaminated Dog Foods contained any level
17 of pentobarbital, a substance largely used to euthanize animals. As the result of Defendant’s
18 deceptive and negligent conduct alleged herein, Plaintiff Schirripa was injured when she purchased
19 the Contaminated Dog Foods, which did not delivery what Defendant promised and had no value
20 or *de minimis* value because they were adulterated. Plaintiff Schirripa was further injured as she
21 did business with a company she would not have if she knew the Contaminated Dog Foods
22 contained any level of pentobarbital or that Defendant utilized euthanized animals as a protein
23 source. She purchased the Contaminated Dog Foods on the assumption that the labeling of the
24 Contaminated Dog Foods was accurate and that it was unadulterated, pure, healthy, and safe for
25 dogs to ingest and did not include euthanized animals as a protein source. Further, should Plaintiff
26 Schirripa encounter the Contaminated Dog Foods in the future, she could not rely on the
27 truthfulness of the packaging, absent correct changes to the packaging and advertising of the
28 Contaminated Dog Foods.

DEFENDANT'S STATEMENTS AND OMISSIONS VIOLATE RELEVANT STATE LAWS

114. State laws are designed to ensure that a company's claims about its products are truthful and accurate. Defendant violated the relevant state laws here, including California, by incorrectly, negligently, deceptively, knowingly, and fraudulently claiming that the Contaminated Dog Foods are nourishing, pure, healthy, quality, and safe and offer 100 percent complete and balanced nutrition with the purest ingredients while meeting all relevant federal regulations when in fact the Contaminated Dog Foods are adulterated and contain a controlled substance that is not nourishing, healthy, quality, or pure and causes the product not to meet the so-called rigorous supplier standards utilized by Defendant. Indeed, Defendant negligently, recklessly, and/or

1 intentionally chose to omit that the Contaminated Dog Foods were adulterated, contained
2 pentobarbital, and/or that Defendant utilized euthanized animals as a protein source in the
3 Contaminated Dog Foods.

4 115. Defendant's marketing and advertising campaign has been sufficiently lengthy in
5 duration and widespread in dissemination.

6 116. Defendant has engaged in this long-term advertising campaign to convince
7 potential customers that the Contaminated Dog Foods are pure, quality, healthy, and safe for
8 consumption and offer 100 percent complete and balanced nutrition with the purest ingredients.

9 **PLAINTIFFS' RELIANCE WAS**
10 **REASONABLE AND FORESEEN BY DEFENDANT**

11 117. Plaintiffs reasonably relied on Defendant's own false statements,
12 misrepresentations, and omissions concerning the particular qualities and benefits of the
13 Contaminated Dog Foods.

14 118. Plaintiffs read and relied upon the labels of the Contaminated Dog Foods in making
15 their purchasing decisions.

16 119. A reasonable consumer would consider the labeling of a product when deciding
17 whether to purchase the product. Here, Plaintiffs relied on the specific false statements and
18 misrepresentations by Defendant, who did not disclose that the Contaminated Dog Foods were
19 adulterated or contained pentobarbital, a substance largely used to euthanize animals.

20 **DEFENDANT'S KNOWLEDGE AND NOTICE OF BREACHES**
21 **OF ITS EXPRESS AND IMPLIED WARRANTIES**

22 120. Defendant has received sufficient notice of its breaches of express and implied
23 warranties. Defendant has, and had, exclusive knowledge of the physical and chemical make-up
24 of the Contaminated Dog Foods.

25 121. Defendant also had notice of the real risk that pentobarbital may appear in the
26 Contaminated Dog Foods if the manufacturing and sourcing were not properly monitored. Indeed,
27
28

1 this is not the first time that Defendant’s Gravy Train or Kibbles ‘n Bits® lines of food have been
2 found to contain pentobarbital.²⁵

3 **PRIVITY EXISTS WITH PLAINTIFFS AND THE PROPOSED CLASSES**

4 122. Defendant knew that consumers such as Plaintiffs and the proposed Classes would
5 be the end purchasers of the Contaminated Dog Foods and the targets of its advertising and
6 statements.

7 123. Defendant intended that the advertising, labeling, statements, and representations
8 would be considered throughout the United States by end purchasers of the Contaminated Dog
9 Foods, including Plaintiffs and the proposed Classes.

10 124. Defendant directed the advertising, labeling, statements, representations, and
11 warranties of the Contaminated Dog Foods from the State of California to end purchasers
12 throughout the United States, including Plaintiffs and the proposed Classes.

13 125. Defendant directly marketed, from the State of California, to Plaintiffs and the
14 proposed Classes through statements on its website, labeling, advertising, and packaging
15 throughout the United States.

16 126. Plaintiffs and the proposed Classes are the intended beneficiaries of the expressed
17 and implied warranties.

18 **CLASS ACTION ALLEGATIONS**

19 127. Plaintiffs bring this action individually and on behalf of the following Class
20 pursuant to Rule 23(a) and 23(b)(2) and (3) of the Federal Rules of Civil Procedure:

21 All persons who are citizens of the United States who, from

12 officer presiding over this matter.

13 130. This action is brought and may be properly maintained as a Class action. There is
14 a well-defined community of interests in this litigation and the members of the Classes are easily
15 ascertainable.

16 131. The members in the proposed Classes are so numerous that individual joinder of all
17 members is impracticable, and the disposition of the claims of all Class members in a single action
18 will provide substantial benefits to the parties and Court.

19 132. Questions of law and fact common to Plaintiffs and the Classes include, but are not
20 limited to, the following:

21 (a) whether Defendant owed a duty of care to the Classes;
22 (b) whether Defendant knew or should have known that the Contaminated Dog
23 Foods were adulterated or contained pentobarbital;

24 (c) whether Defendant wrongfully represented and continues to represent that
25 the Contaminated Dog Foods are healthy, quality, pure, and safe;

26 (d) whether Defendant wrongfully represented, and continues to represent, that
27 the Contaminated Dog Foods are manufactured in compliance with all governing regulations;

28

1 (e) whether Defendant wrongfully failed to state that the Contaminated Dog
2 Foods are in fact adulterated under federal and relevant state laws;

3 (f) whether Defendant's representations and omissions in advertising and/or
4 labeling are false, deceptive, and misleading;

5 (g) whether those representations and omissions are likely to deceive a
6 reasonable consumer;

7 (h) whether Defendant had knowledge that those representations and omissions
8 were false, deceptive, and misleading;

9 (i) whether Defendant continues to disseminate those representations and
10 omissions despite knowledge that the representations are false, deceptive, and misleading;

11 (j) whether a representation that a product is healthy, pure, quality and
12 nutritious coupled with omissions that the Contaminated Dog Foods were adulterated or contained
13 pentobarbital is material to a reasonable consumer;

14 (k) whether Defendant violated sections 17200, *et seq.* of the California
15 Business & Professions Code;

16 (l) whether Defendant violated sections 17500, *et seq.* of the California
17 Business & Professions Code;

18 (m) whether Defendant violated sections 1750, *et seq.* of the California Civil
19 Code;

20 (n) whether Defendant's fraudulently concealed from the Classes that the
21 Contaminated Dog Foods were adulterated;

22 (o) whether Defendant breached its express and implied warranties;

23 (p) whether Defendant's conduct was negligent per se under applicable law;

24 (q) whether Defendant's conduct violated applicable state laws;

25 (r) whether Defendant knowingly and/or recklessly utilized JBS as a supplier
26 for ingredients for the Contaminated Dog Foods;

27 (s) whether Plaintiffs and the members of the Classes are entitled to actual,
28 statutory, and punitive damages; and

1 (t) whether Plaintiffs and members of the Classes are entitled to declaratory
2 and injunctive relief.

3 133. Defendant engaged in a common course of conduct giving rise to the legal rights
4 sought to be enforced by Plaintiffs individually and on behalf of the other members of the Classes.
5 Identical statutory violations and business practices and harms are involved. Individual questions,
6 if any, are not prevalent in comparison to the numerous common questions that dominate this
7 action.

8 134. Plaintiffs' claims are typical of each Class and Subclass members' claims in that
9 they are based on the same underlying facts, events, and circumstances relating to Defendant's
10 conduct.

11 135. Plaintiffs will fairly and adequately represent and protect the interests of the
12 Classes, has no interests incompatible with the interests of the Classes, and have retained counsel
13 competent and experienced in class action, consumer protection, and false advertising litigation.

14 136. Class treatment is superior to other options for resolution of the controversy
15 because the relief sought for each Class and Subclass member is small such that, absent
16 representative litigation, it would be infeasible for members of the Class and Subclass to redress
17 the wrongs done to them individually.

18 137. Questions of law and fact common to the Classes predominate over any questions
19 affecting only individual members of the Class and Subclasses.

20 138. As a result of the foregoing, Class treatment is appropriate.

21 **COUNT I**

22 **(Negligent Misrepresentation Against Defendant on Behalf of the Classes)**

23 139. Plaintiffs incorporate by reference and reallege each and every allegation contained
24 above, as though fully set forth herein.

25 140. Plaintiffs reasonably placed their trust and reliance in Defendant's representations
26 that the Contaminated Dog Foods are healthy, safe, pure, high quality, and not adulterated with
27 substances such as pentobarbital.

28

1 141. Plaintiffs reasonably placed their trust and reliance in Defendant to disclose if the
2 Contaminated Dog Foods were adulterated, contained pentobarbital or utilized euthanized animals
3 as a protein or meat by-product source.

4 142. Because of the relationship between the parties, Defendant owed a duty to use
5 reasonable care to impart correct and reliable disclosures concerning the true nature, quality, and
6 ingredients of the Contaminated Dog Foods or, based upon its superior knowledge, having spoken,
7 to say enough to not be misleading.

8 143. Defendant breached its duty to Plaintiffs and the Classes by providing false,
9 misleading, partial disclosures, and/or deceptive information regarding the true nature, quality, and
10 ingredients of the Contaminated Dog Foods.

11 144. Plaintiffs and the Classes reasonably and justifiably relied upon the information
12 supplied to them by the Defendant. As a result, Plaintiffs and the Classes purchased the
13 Contaminated Dog Foods that, being adulterated, should not have been sold at all.

14 145. Defendant failed to use reasonable care in its communications and representations
15 to Plaintiffs and Classes.

16 146. By virtue of Defendant's negligent misrepresentations, Plaintiffs and the Classes
17 have been damaged in an amount to be proven at trial or alternatively, seek rescission and
18 disgorgement under this Count.

6 Consumers Legal Remedies Act (the “CLRA”):

7 (a) California Civil Code section 1770(a)(5), by representing that the
8 Contaminated Dog Foods are pure, quality, healthy and safe for consumption and by failing to
9 disclose that the Contaminated Dog Foods were in fact adulterated with pentobarbital

10 (b) California Civil Code section 1770(a)(7), by representing that the
11 Contaminated Dog Foods were of a particular standard, quality, or grade, when they were in fact
12 adulterated and not fit for consumption;

13 (c) California Civil Code section 1770(a)(9), by advertising the Contaminated
14 Dog Foods with the intent not to sell them as advertised; and

15 (d) California Civil Code section 1770(a)(16), by representing that the
16 Contaminated Dog Foods have been supplied in accordance with previous representations when
17 they have not.

18 153. As a direct and proximate result of these violations, Plaintiffs and the Classes have
19 been harmed, and that harm will continue unless Defendant is enjoined from using the misleading
20 marketing described herein in any manner in connection with the advertising and sale of the
21 Contaminated Dog Foods.

22 154. On February 14, 2018, February 22, 2018, March 14, 2018, and March 21, 2018,
23 counsel for Plaintiffs Mullins, Sturm, Roupe, Sebastiano, Johnson, Williamson, Todd and the
24 Class sent Defendant written notices (via U.S. certified mail, return receipt requested) that its
25 conduct is in violation of the CLRA concerning the aforementioned representations and
26 pentobarbital.

27 155. Defendant failed to provide appropriate relief for its violations of CLRA sections
28 1770(a)(5), (7), (9), and (16) within thirty days of receipt of Plaintiffs' notifications. In accordance

1 with CLRA section 1782(b), Plaintiffs and the Class is entitled, under CLRA section 1780, to
2 recover and obtain the following relief for Defendant's violations of CLRA sections 1770(a)(5),(7),
3 (9) and (16):

- 4 (a) actual damages under CLRA section 1780(a)(1);
- 5 (b) restitution of property under CLRA section 1780(a)(3);
- 6 (c) punitive damages under CLRA section 1780(a)(4) and because Defendant
7 has engaged in fraud, malice, or oppression; and
- 8 (d) any other relief the Court deems proper under CLRA section 1780(a)(5).

9 156. Plaintiffs seek an award of attorneys' fees pursuant to, inter alia, section 1780(e) of
10 the California Civil Code and section 1021.5 of the California Code of Civil Procedure.

11 **COUNT III**

12 **(Violations of California False Advertising Law, Cal. Bus. & Prof. Code §§ 17500,**
13 ***et seq.*, Against Defendant on Behalf of the Classes)**

14 157. Plaintiffs incorporate by reference and reallege each and every allegation contained
15 above, as though fully set forth herein.

16 158. California's False Advertising Law ("FAL") prohibits any statement in connection
17 with the sale of goods "which is untrue or misleading." Cal. Bus. & Prof. Code § 17500.

18 159. As set forth herein, Defendant's claims that the Contaminated Dog Foods are
19 healthy and safe for consumption are literally false and likely to deceive the public.

20 160. Defendant's claims that the Contaminated Dog Foods are pure, quality, healthy,
21 and safe for consumption are untrue or misleading because these claims fail to disclose that the
22 Contaminated Dog Foods were in fact adulterated by containing the controlled substance of
23 pentobarbital.

24 161. Defendant's claim that the Contaminated Dog Foods provide 100 percent complete
25 and balanced nutrition are untrue or misleading because Defendant fails to disclose that the
26 Contaminated Dog Foods were in fact adulterated with pentobarbital.

27 162. Defendant knew, or reasonably should have known, that the claims were untrue or
28 misleading.

1 163. Defendant's conduct is ongoing and continuing, such that prospective injunctive
2 relief is necessary, especially given Plaintiffs' desire to purchase these products in the future if
3 they can be assured that the Contaminated Dog Foods are properly unadulterated pet food and
4 meet the advertising claims.

5 164. Plaintiffs and members of the Classes are entitled to injunctive and equitable relief,
6 and restitution in the amount they spent on the Contaminated Dog Foods.

7 **COUNT IV**

8 **(Violations of the Unfair Competition Law, Cal. Bus. & Prof. Code §§ 17200,**
9 ***et seq.*, Against Defendant on Behalf of the Classes)**

10 165. Plaintiffs incorporate by reference and reallege each and every allegation contained
11 above, as though fully set forth herein.

12 166. The Unfair Competition Law prohibits any "unlawful, unfair or fraudulent business
13 act or practice." Cal. Bus. & Prof. Code § 17200.

14 **Fraudulent**

15 167. Defendant's statements that the Contaminated Dog Foods are pure, quality healthy,
16 and safe and provide 100 percent complete and balance nutrition are literally false and likely to
17 deceive the public, as is Defendant's failing to make any mention that the Contaminated Dog Foods
18 are adulterated and contain pentobarbital.

19 **Unlawful**

20 168. As alleged herein, Defendant has sold and advertised the adulterated Contaminated
21 Dog Foods with false or misleading claims, such that Defendant's actions as alleged herein violate
22 at least the following laws:

- 23 • the CLRA, Cal. Civ. Code §§ 1750, *et seq.*; and
24 • the FAL, Cal. Bus. & Prof. Code §§ 17500, *et seq.*

25 **Unfair**

26 169. Defendant's conduct with respect to the labeling, advertising, marketing, and sale
27 of the Contaminated Dog Foods is unfair because Defendant's conduct was immoral, unethical,
28

1 unscrupulous, or substantially injurious to consumers and the utility of its conduct, if any, does not
2 outweigh the gravity of the harm to its victims.

3 170. Defendant's conduct with respect to the labeling, advertising, marketing, and sale
4 of the Contaminated Dog Foods is also unfair because it violates public policy as declared by
5 specific constitutional, statutory, or regulatory provisions, including, but not limited to, the FAL
6 and the CLRA.

7 171. Defendant's conduct with respect to the labeling, advertising, marketing, and sale
8 of the Contaminated Dog Foods is also unfair because the consumer injury is substantial, not
9 outweighed by benefits to consumers or competition, and not one consumers, themselves, can
10 reasonably avoid.

11 172. In accordance with section 17203 of the California Business & Professions Code,
12 Plaintiffs seek an order enjoining Defendant from continuing to conduct business through
13 fraudulent or unlawful acts and practices and to commence a corrective advertising campaign.
14 Defendant's conduct is ongoing and continuing, such that prospective injunctive relief is
15 necessary.

16 173. On behalf of himself and the Classes, Plaintiffs also seek an order for the restitution
17 of all monies from the sale the Contaminated Dog Foods, which were unjustly acquired through
18 acts of fraudulent, unfair, or unlawful competition.

19 **COUNT V**

20 **(Negligence Against Defendant on Behalf of the Classes)**

21 174. Plaintiffs incorporate by reference and reallege each and every allegation contained
22 above, as though fully set forth herein.

23 175. Defendant's conduct is negligent per se.

24 176. As set forth above and below, Defendant violated its statutory duties under
25 California's CLRA and FAL by falsely representing that the Contaminated Dog Foods are pure,
26 quality, healthy, nutritious, and safe for consumption while at the same time failing to disclose that
27 the Contaminated Dog Foods contained the controlled substance of pentobarbital.

28

1 177. As set forth above, Defendant also violated its statutory duties under Federal,
2 various state laws by selling adulterated pet food to Plaintiffs and members of the Classes.

3 178. Defendant failed to exercise due care when it sold the Contaminated Dog Foods to
4 Plaintiffs and the Class Members based on: (1) its exclusive knowledge of the ingredients, content
5 and sourcing materials of the Contaminated Dog Foods; (2) failing to properly audit and monitor
6 any third-party suppliers as publicly represented to Plaintiffs and the Classes; and (3) allowing the
7 inclusion of a controlled substance in the Contaminated Dog Foods when it had previously tested
8 positive for this exact same drug, pentobarbital.

9 179. Defendant's violations of these statutes were a substantial factor in the harm
10 suffered by Plaintiffs and the Classes, including purchasing a product with *de minimis* value.

11 180. By virtue of Defendant's negligence, Plaintiffs and the Classes have been damaged
12 in an amount to be proven at trial or alternatively, seek rescission and disgorgement under this
13 Count.

14 **COUNT VI**

15 **(Breach of Express Warranty, Cal. Com. Code § 2313,
16 Against Defendant on Behalf of the Classes)**

17 181. Plaintiffs incorporate by reference and reallege each and every allegation contained
18 above, as though fully set forth herein.

19 182. As set forth herein, Defendant made express representations to Plaintiffs and the
20 Classes that the Contaminated Dog Foods are pure, quality, healthy, and safe for consumption and
21 provide 100 percent complete and balanced nutrition.

22 183. Defendant also made express representations to Plaintiffs and the Classes that the
23 Contaminated Dog Foods comply with all applicable regulations, including that they are not
24 adulterated by allowing their sale in various stores throughout the United States.

25 184. These promises became part of the basis of the bargain between the parties and thus
26 constituted express warranties.

27 185. There was a sale of goods from Defendant to Plaintiffs and the Class members.
28

1 186. On the basis of these express warranties, Defendant sold the Contaminated Dog
 2 Foods to Plaintiffs and the Classes.

3 187. Defendant knowingly breached the express warranties by selling the Contaminated
 4 Dog Foods which are adulterated and contain pentobarbital.

5 188. Defendant was on notice of this breach as it was aware of the presence of
 6 pentobarbital and/or the use of euthanized animals as protein or meat by-product source in the
 7 Contaminated Dog Foods.

8 189. Privity exists because Defendant expressly warranted to Plaintiffs and the Classes
 9 that the Contaminated Dog Foods were unadulterated, pure, quality, healthy, and safe for
 10 consumption and provided 100 percent complete and balanced nutrition.

11 190. Plaintiffs and the Classes reasonably relied on the express warranties by Defendant.

12 191. As a result of Defendant's breaches of its express warranties, Plaintiffs and the
 13 Classes sustained damages when they paid money for the Contaminated Dog Foods that were not
 14 what Defendant represented and were not properly sold under applicable regulations and law.

15 192. Plaintiffs on behalf of themselves and the Classes, seek actual damages for
 16 Defendant's breach of warranty.

17 **COUNT VII**

18 **(Breach of Implied Warranty, Cal. Com. Code**
 19 **§ 2314, Against Defendant on Behalf of the Classes)**

20 193. Plaintiffs incorporate by reference and reallege each and every allegation contained
 21 above, as though fully set forth herein.

22 194. As set forth herein, the Contaminated Dog Foods are not fit for the ordinary
 23 purposes as they were adulterated or similarly contaminated under sections 113075 and 113090 of
 24 the California Health & Safety Code (prohibiting “manufacture” of pet food that is “adulterated”
 25 because it contains “poisonous or deleterious substance[s]”) and section 113095 (prohibiting “false
 26 or misleading” labeling) as alleged herein.

27 195. Defendant is a merchant engaging in the sale of goods to Plaintiffs and the Classes.

28 196. There was a sale of goods from Defendant to Plaintiffs and the Classes.

1 197. Defendant breached the implied warranties by selling the Contaminated Dog Foods
2 that were not fit for their ordinary purpose as adulterated dog food containing pentobarbital.

3 198. Defendant was on notice of this breach as it was aware of the presence of
4 pentobarbital and/or the use of euthanized animals as a protein or meat by-product source in the
5 Contaminated Dog Foods.

6 199. Privity exists because Defendant impliedly warranted to Plaintiffs and the Classes
7 that the Contaminated Dog Foods were unadulterated and fit for their ordinary purpose

8 200. As a result of Defendant's breach of its implied warranties of merchantability,
9 Plaintiff and the Classes sustained damages as they paid money for the Contaminated Dog Foods
10 that were not what Defendant represented.

11 201. Plaintiffs, on behalf of themselves and the Classes, seek actual damages for
12 Defendant's breach of warranty.

13 **COUNT VIII**

14 **(Fraudulent Concealment Against Defendant on Behalf of the Classes)**

15 202. Plaintiffs incorporate by reference and reallege each and every allegation contained
16 above, as though fully set forth herein.

17 203. As alleged more fully herein, at the time Defendant sold the Contaminated Dog
18 Foods to Plaintiffs and Class Members, it knew it was adulterated with pentobarbital.

19 204. At all times relevant herein, Defendant made misrepresentations of material fact to
20 Plaintiffs and the other Class Members as a means of concealing the true nature and quality of the
21 Contaminated Dog Foods, claiming it was pure, nutritious, healthy, and pure quality with no
22 disclosure that the Contaminated Dog Foods were adulterated and pentobarbital.

23 205. Defendant has concealed material facts from Plaintiffs and the other Class
24 Members, including but not limited to:

- 25 (a) the true nature and quality of the Contaminated Dog Foods;
26 (b) the inclusion of pentobarbital in the Contaminated Dog Foods; and
27
28

1 (c) that the Contaminated Dog Foods were not lawfully sold as labelled
2 and packaged as they were adulterated.

3 206. Defendant had a duty to disclose these facts, regardless of the existence of privity,
4 by virtue of (a) Defendant's exclusive knowledge as to the true nature and ingredients of the
5 Contaminated Dog Foods; (b) Defendant's awareness that Plaintiffs and members of the proposed
6 Classes were not reasonably likely to discover these facts; (c) Defendant's active concealment of
7 those facts from Plaintiffs and the proposed Classes (by, among other things, making the false
8 representations described above); and (d) Defendant's statutory and common-law obligations to
9 disclose material information to the consumers as alleged herein.

10 207. Plaintiffs and members of the Classes would have acted differently had Defendant
11 disclosed this information to them and allowed them to make a fully-informed decision before they
12 purchased the Contaminated Dog Foods.

13 208. The facts Defendant concealed from Plaintiffs and the Classes are material and
14 uniform in nature.

15 209. Defendant made misrepresentations of material fact in an effort to conceal the
16 actual nutritional value, true nature and ingredients of the Contaminated Dog Foods and to prevent
17 Class Members from becoming aware of the nutritional value, true nature, and ingredients of the
18 Contaminated Dog Foods. Plaintiffs and the Classes would have relied on the disclosure of
19 inclusion of pentobarbital in the Contaminated Dog Foods.

20 210. As a proximate result of Defendant's concealment and suppression of material
21 facts, Plaintiffs and the Classes have sustained damage by, among other things, paying for
22 Contaminated Dog Foods that were adulterated and unlawfully sold to consumers, rendering the
23 Contaminated Dog Foods of zero or *de minimis* value.

24 211. Plaintiffs, on behalf of themselves and the Classes, seek actual damages for
25 Defendant's fraudulent concealment.

26 212. Because Defendant engaged in the conduct alleged herein deliberately and with
27 intent, Plaintiffs and the Classes are entitled to an award of punitive damages, the total amount of
28 which shall be proven at trial.

COUNT IX

(Violations of Georgia Uniform Deceptive Trade Practices Act, Ga. Code Ann. §10-1-370, et seq., Against Defendant on Behalf of the Georgia Subclass)

213. Plaintiff Roupe incorporates by reference and realleges each and every allegation contained above, as though fully set forth herein.

214. The conduct described in this Complaint constitutes a violation of the Georgia Uniform Deceptive Trade Practices Act, Ga. Code Ann. §10-1-370 *et seq.* (hereinafter “UDTPA”).

215. Defendant engaged in deceptive trade practices in violation of the UDTPA when it claimed that the Contaminated Dog Foods were pure, quality, healthy, and safe for consumption. These claims are untrue or misleading because they fail to disclose that the Contaminated Dog Foods were in fact adulterated with pentobarbital and instead claimed that the Contaminated Dog Foods provide 100 percent complete and balanced nutrition.

216. Defendant either knew or should have known its Contaminated Dog Foods were adulterated and were not as warranted and represented the same on the labeling, packaging, advertising, statements, and public sales of the Contaminated Dog Foods.

217. Defendant’s conduct and omissions described herein repeatedly occurred in Defendant’s trade or business and were capable of deceiving a substantial portion of the consuming public.

218. The facts concealed or not disclosed by Defendant are material facts in that Plaintiff Roupe and any reasonable consumer would have considered those facts important in deciding whether to purchase the Contaminated Dog Foods. Had Plaintiff Roupe and the Georgia Subclass known that the Contaminated Dog Foods were in fact adulterated with pentobarbital they would not have purchased the Contaminated Dog Foods.

219. Defendant’s deceptive conduct intended for Plaintiff Roupe and the members of the Georgia Subclass to remain unaware of the material fact that the Contaminated Dog Foods contained pentobarbital. Defendant knew that Plaintiff Roupe and the Georgia Subclass would rely on its packaging, labels, advertisements, statements, and other public representations that the

1 Contaminated Dog Foods were unadulterated. This conduct constitutes consumer fraud within the
2 meaning of the various consumer protection statutes.

3 220. Defendant’s unlawful conduct is continuing.

4 221. As a direct and proximate result of the deceptive, misleading, unfair and
5 unconscionable practices of the Defendant set forth above, Plaintiff Roupe and the Georgia
6 Subclass Members are entitled to injunctive relief, attorney’s fees and costs as set forth in section
7 10-1-373 of the Georgia Code.

8 **COUNT X**

9 **(Violations of Georgia’s False Advertising Law, Ga. Code Ann. § 10-1-420 *et seq.*, Against**
10 **Defendant on Behalf of the Georgia Subclass)**

11 222. Plaintiff Roupe incorporates by reference and realleges each and every allegation
12 contained above, as though fully set forth herein.

13 223. Georgia’s False Advertising Law prohibits the sale of merchandise advertised “with
14 intent, design or purpose not to sell ... upon the terms stated therein or otherwise communicated
15 ...” Ga. Code Ann. § 10-1-420(a).

16 224. Georgia’s False Advertising Law also prohibits advertising that is “untrue or
17 fraudulent and which is known or which by the exercise or reasonable case should be known to be
18 untrue or fraudulent.” Ga. Code Ann. § 10-1-421(a).

19 225. As set forth herein, Defendant's claims that the Contaminated Dog Foods are
20 healthy and safe for consumption are literally false and likely to deceive the public.

21 226. Defendant’s claims that the Contaminated Dog Foods are pure, quality, healthy,
22 and safe for consumption are untrue or misleading because these claims fail to disclose that the
23 Contaminated Dog Foods were in fact adulterated with pentobarbital.

24 227. Defendant’s claim that the Contaminated Dog Foods are 100 percent complete and
25 balanced nutrition are untrue or misleading because it fails to disclose that the Contaminated Dog
26 Foods were in fact adulterated with pentobarbital.

27 228. Defendant knew, or reasonably should have known, that the claims were untrue or
28 misleading.

1 229. Defendant's conduct is ongoing and continuing, such that prospective injunctive
 2 relief is necessary, especially given Plaintiff Roupe's desire to purchase these products in the future
 3 if she can be assured that the Contaminated Dog Foods are unadulterated dog food that meets the
 4 advertising claims.

5 230. Plaintiff Roupe and members of the Georgia Subclass are entitled to injunctive and
 6 equitable relief pursuant to section 10-1-423 of the Georgia Code.

7 **COUNT XI**

8 **(Violations of Florida Deceptive and Unfair Trade Practices Act, Fl. Stat. §§ 501.201-
 9 501.23, Against Defendant on Behalf of the Florida Subclass)**

10 231. Plaintiff Sebastiano incorporates by reference and realleges each and every
 11 allegation contained above, as though fully set forth herein.

12 232. This is an action for relief under the Florida Deceptive and Unfair Trade Practices
 13 Act ("FDUTPA"), Fl. Stat. §§ 501.201-501.23.

14 233. The purpose of the FDUTPA is "[t]o protect the consuming public and legitimate
 15 business enterprises from those who engage in unfair methods of competition, or unconscionable,
 16 deceptive, or unfair acts or practices in the conduct of any trade or commerce." Fla. Stat. §
 17 501.202(2).

18 234. Plaintiff Sebastiano and each proposed member of the Florida Subclass are
 19 "consumers," as defined by section 501.203(7) of the Florida Statutes.

20 235. Section 501.203(8) of the Florida Statutes defines "trade or commerce" as "the
 21 advertising, soliciting, providing, offering, or distributing, whether by sale, rental, or otherwise, of
 22 any good or service, or any property, whether tangible or intangible, or any other article,
 23 commodity, or thing of value, wherever situated. 'Trade or commerce' shall include the conduct
 24 of any trade or commerce, however denominated, including any nonprofit or not-for-profit person
 25 or activity." Fl. Stat. § 501.203(8). The advertising, soliciting, providing, offering, or distribution
 26 of the Contaminated Dog Foods to Plaintiff Sebastiano and the Florida Subclass is "trade or
 27 commerce" within the meaning of section 501.203(8) of the Florida Statutes.
 28

1 236. Section 501.204(1) of the Florida Statutes provides that “[u]nfair methods of
 2 competition, unconscionable acts or practices, and unfair or deceptive acts or practices in the
 3 conduct of any trade or commerce are hereby declared unlawful.” Fl. Stat. § 501.204(1).

4 237. Defendant engaged in unfair competition and unfair, unlawful, or fraudulent
 5 business practices by claiming the Contaminated Dog Foods were pure, quality, healthy, and safe
 6 for consumption and by knowingly, intentionally, and/or negligently concealing from Plaintiff
 7 Sebastiano and the Florida Subclass the fact that the Contaminated Dog Foods were adulterated
 8 with pentobarbital, which was not readily discoverable. Defendant should have disclosed such
 9 information because it was in a superior position to know the facts regarding the true make-up and
 10 quality of the Contaminated Dog Foods. Plaintiff Sebastiano and the Florida Subclass could not
 11 reasonably be expected to learn or discover the true facts regarding the make-up and/or quality of
 12 the Contaminated Dog Foods.

13 238. The Defendant’s unconscionable, illegal, unfair, and deceptive acts and practices
 14 violate the provisions of the FDUTPA.

15 239. As a direct and proximate result of Defendant’s acts and omissions, Plaintiff
 16 Sebastiano and the Florida Subclass have suffered or will suffer damages for which they are
 17 entitled to relief pursuant to section 501.211(2) of the Florida Statutes and which include, without
 18 limitation, a full refund for the Contaminated Dog Foods they purchased, all of which constitute
 19 cognizable damages under sections 501.201, *et seq.* of the FDITPA.

20 240. Plaintiff Sebastiano and the Florida Subclass are entitled to recover their reasonable
 21 attorneys’ fees pursuant to section 501.2105 of the Florida Statutes upon prevailing in this matter.

22 **COUNT XII**

23 **(Breach of Express Warranty, Fla. Stat. § 672.313,**
 24 **Against Defendant on Behalf of the Florida Subclass)**

25 241. Plaintiff Sebastiano incorporates by reference and realleges each and every
 26 allegation contained above, as though fully set forth herein.
 27
 28

1 242. As set forth herein, Defendant made express representations to Plaintiff Sebastiano
2 and the Florida Subclass that the Contaminated Dog Foods are pure, quality, healthy, safe for
3 consumption, and provide 100 percent complete and balanced nutrition.

4 243. Defendant also made express representations to Plaintiff Sebastiano and the Florida
5 Subclass that the Contaminated Dog Foods meet all applicable regulations, including that they are
6 not adulterated dog food, by allowing their sale in various stores throughout the United States.

7 244. These promises became part of the basis of the bargain between the parties and thus
8 constituted express warranties.

9 245. There was a sale of goods from Defendant to Plaintiff Sebastiano and the Florida
10 Subclass members.

11 246. On the basis of these express warranties, Defendant sold the Contaminated Dog
12 Foods to Plaintiff Sebastiano and the Florida Subclass.

13 247. Defendant knowingly breached the express warranties by selling Contaminated
14 Dog Foods that were adulterated and contained pentobarbital.

15 248. Defendant was on notice of this breach as it was aware of the presence of
16 pentobarbital and/or the use of euthanized animals as a source of protein or meat by-product in the
17 Contaminated Dog Foods.

18 249. Privity exists because Defendant expressly warranted to Plaintiff Sebastiano and
19 the Florida Subclass that the Contaminated Dog Foods were pure, quality, healthy, safe for
20 consumption, unadulterated, and provided 100 percent complete and balanced nutrition.

21 250. Plaintiff Sebastiano and the Florida Subclass reasonably relied on the express
22 warranties by Defendant.

23 251. As a result of Defendant's breaches of its express warranties, Plaintiff Sebastiano
24 and the Florida Subclass sustained damages as they paid money for Contaminated Dog Foods that
25 were not what Defendant represented and were sold in violation of applicable regulations and laws.

26 252. Plaintiff Sebastiano, on behalf of himself and the Florida Subclass, seeks actual
27 damages for Defendant's breach of warranty.

8 255. The Contaminated Dog Foods also do not conform to the promises or affirmations
9 of fact made on the packaging or labels.

10 256. Defendant is a merchant engaging in the sale of goods to Plaintiff Sebastiano and

12 257. There was a sale of goods from Defendant to Plaintiff Sebastiano and the Florida

COUNT XIV

(Violations of Illinois Consumer Fraud and Deceptive Business Practices Act, 815 Ill. Comp. Stat. 505/1, et seq., Against Defendant on Behalf of the Illinois Subclass)

263. Plaintiff Sturm incorporates by reference and realleges each and every allegation contained above, as though fully set forth herein.

264. The conduct described in this Complaint constitutes a violation of the Illinois Consumer Fraud and Deceptive Business Practices Act, 815 Ill. Comp. Stat. 505/1 et seq. (hereinafter, "ICFA").

265. Defendant engaged in unfair or deceptive practices in violation of ICFA when it claimed that the Contaminated Dog Foods were pure, quality, healthy, and safe for consumption. These claims are untrue or misleading because they fail to disclose that the Contaminated Dog Foods were in fact adulterated by the controlled substance of pentobarbital and instead claimed that the Contaminated Dog Foods provide 100 percent complete and balanced nutrition.

266. Defendant either knew or should have known its Contaminated Dog Foods were adulterated and were not as warranted and represented on the labeling, packaging, advertising, statements, and public sales of the Contaminated Dog Foods.

267. Defendant's conduct and omissions described herein repeatedly occurred in Defendant's trade or business and were capable of deceiving a substantial portion of the consuming public.

268. The facts concealed or not disclosed by Defendant are material facts in that Plaintiff Sturm and any reasonable consumer would have considered those facts important in deciding whether to purchase the Contaminated Dog Foods. Had Plaintiff Sturm and the Illinois Subclass known that the Contaminated Dog Foods were in fact adulterated by containing the controlled substance of pentobarbital they would not have purchased the Contaminated Dog Foods.

269. Defendant intended that Plaintiff Sturm and the Illinois Subclass would rely on the deception in purchasing the Contaminated Dog Foods, unaware of the undisclosed material facts. Defendant knew that Plaintiff Sturm and the Illinois Subclass would rely on its packaging, labels, advertisements, statements, and other public sales of the Contaminated Dog Foods as an

1 unadulterated. This conduct constitutes consumer fraud within the meaning of the various
2 consumer protection statutes.

3 270. Defendant's unlawful conduct is continuing.

4 271. As a direct and proximate result of the deceptive, misleading, unfair, and
5 unconscionable practices of the Defendant set forth above, Plaintiff Sturm and Illinois Subclass
6 members are entitled to actual damages, compensatory damages, penalties, attorneys' fees and
7 costs as set forth in section 10a of the ICFA.

8 272. Defendant's deceptive, misleading, unfair and unconscionable practices set forth
9 above were done willfully, wantonly, and maliciously, entitling Plaintiff Sturm and Illinois
10 Subclass members to an award of punitive damages.

12 408. At all times mentioned herein, Defendant manufactured or supplied the
13 Contaminated Dog Foods, and prior to the time the Contaminated Dog Foods were purchased by
14 Plaintiff Brown and the members of the Texas Subclass, Defendant impliedly warranted to them
15 that the Contaminated Dog Foods were of merchantable quality, fit for their ordinary purpose
16 (consumption by dogs), and conformed to the promises and affirmations made by Defendant
17 regarding the Contaminated Dog Foods, including that the food was pure, quality, healthy, and
18 safe for consumption, made of wholesome ingredients, and were 100 percent complete and
19 balanced nutrition.

20 409. Because the Contaminated Dog Foods contain pentobarbital, they are not fit for
21 their ordinary purpose, consumption by dogs, and did not conform to the Defendant's
22 representations and affirmations of fact when Plaintiff Brown and the Texas Subclass purchased
23 the Contaminated Dog Foods.

24 410. Defendant marketed its Contaminated Dog Foods with the intent and reasonable
25 expectation that Plaintiff Brown and the members of the Texas Subclass would justifiably rely on
26 its representations and affirmations regarding the Contaminated Dog Foods.

27

28

1 411. Plaintiff Brown and the members of the Texas Subclass relied on Defendant's
2 representations and affirmations with respect to the Contaminated Dog Foods' quality, ingredients,
3 and fitness for consumption when deciding what dog food to purchase.

4 412. Defendant was on notice of this breach as it was aware of the presence of
5 pentobarbital and/or the use of euthanized animals as a protein or meat by-product source in the
6 Contaminated Dog Foods.

7 413. As a result of Defendant's conduct, Plaintiff Brown and the members of the Texas
8 Subclass have suffered actual damages in that they purchased Contaminated Dog Foods that were
9 not what Defendant represented and that they would not have purchased at all had they known of
10 the presence of pentobarbital.

11 414. Plaintiff Brown, on behalf of herself and the Texas Subclass, seeks actual damages
12 for Defendant's breach of warranty.

14 **(Negligent Misrepresentation Against Defendant on Behalf of the Texas Subclass)**

15 415. Plaintiff Brown incorporates by reference and realleges each and every allegation
16 contained above, as though fully set forth herein.

17 416. Defendant represented to Plaintiff Brown and the Texas Subclass that the
18 Contaminated Dog Foods are pure, quality, healthy, and safe for consumption, made of wholesome
19 ingredients, and are 100 percent complete and balanced nutrition.

20 417. In making such representations to Plaintiff Brown and the Texas Subclass,
21 Defendant provided false, misleading, partial disclosures, and/or deceptive information regarding
22 the true nature, quality, and ingredients of the Contaminated Dog Foods.

23 418. Defendant failed to exercise reasonable care in its communications, marketing, and
24 representations about the Contaminated Dog Foods to Plaintiff Brown and the Texas Subclass.

25 419. Plaintiff Brown and the Texas Subclass reasonably placed their trust and justifiable
26 reliance in Defendant's representations that the Contaminated Dog Foods are healthy, safe, pure,
27 quality, and that they were not adulterated with substances such as pentobarbital. Given the
28 deceptive manner in which Defendant advertised, represented, and otherwise promoted the

1 Contaminated Dog Foods, Plaintiff Brown and the Texas Subclass’s reliance on Defendant’s
2 misrepresentations was justifiable.

3 420. As a result of Defendant’s conduct, Plaintiff Brown and the members of the Texas
4 Subclass have suffered damages in that they purchased Contaminated Dog Foods that were not
5 what Defendant represented and that they would not have purchased at all had they known of the
6 presence of pentobarbital.

7 421. By virtue of Defendant’s negligent misrepresentations, Plaintiff Brown and the
8 Texas Subclass have been damaged in an amount to be proven at trial or alternatively, seek
9 rescission and disgorgement under this Count.

15 423. This is an action for relief under the Maryland Consumer Protection Act, Md. Code
16 Ann. Com. Law § 13-101, *et seq.* (“MCPA”).

17 424. Plaintiff Collins and each Maryland Subclass member are each a “consumer,” as
18 that term is defined in section 13-101(c) of the Maryland Code, Commercial Law.

19 425. The Contaminated Dog Foods are “merchandise,” as that term is defined in section
20 13-101(f) of the Maryland Code, Commercial Law.

21 426. Defendant is a “merchant,” as that term is defined in section 13-101(g) of the

28 damaged as a result of that practice.” Md. Code Ann Com. Law § 13-302.

1 429. Defendant's conduct alleged herein has violated the MCPA by engaging in the
2 following "unfair or deceptive trade practice" specified under the MCPA:

3 (a) Md. Code Ann Com. Law § 13-301(1), providing false or misleading oral
4 or written statement, visual description, or other representation of any kind which has the capacity,

the Maryland Subclass)**

1

4 432. Plaintiff Collins incorporates by reference and realleges each and every allegation
5 contained above, as though fully set forth herein.

6 433. As alleged more fully herein, at the time Defendant sold the Contaminated Dog
7 Foods to Plaintiff Collins and Maryland Subclass Members, it knew the Contaminated Dog Foods
8 were adulterated with pentobarbital.

9 434. At all times relevant herein, Defendant made misrepresentations of material fact to
10 Plaintiff Collins and Maryland Subclass Members as a means of concealing the true nature and
11 quality of the Contaminated Dog Foods, claiming it was pure, nutritious, healthy, and pure quality
12 with no disclosure that the Contaminated Dog Foods were in fact adulterated and contained
13 pentobarbital.

14 435. Defendant falsely represented to and/or concealed material facts from Plaintiff
15 Collins and Maryland Subclass Members, including, but not limited to:

- 16 (a) the true nature and quality of the Contaminated Dog Foods;
17 (b) the inclusion of pentobarbital in the Contaminated Dog Foods; and
18 (c) that the Contaminated Dog Foods were not lawfully sold as labelled and
19 packaged as they were adulterated.

20 436. Defendant had a duty to disclose these facts, regardless of the existence of privity,
21 by virtue of (a) Defendant's exclusive knowledge as to the true nature and ingredients of the
22 Contaminated Dog Foods; (b) Defendant's awareness that Plaintiff Collins and members of the
23 Maryland Subclass were not reasonably likely to discover these facts; (c) Defendant's active
24 concealment of those facts from Plaintiff Collins and the Maryland Subclass (by, among other
25 things, making the false representations described above); and (d) Defendant's statutory and
26 common-law obligations to disclose material information to the consumers as alleged herein.

1 437. Plaintiff Collins and members of the Maryland Subclass would have acted
2 differently had Defendant disclosed this information to them and allowed them to make a fully-
3 informed decision before they purchased the Contaminated Dog Foods.

4 438. These false representations were material to Plaintiff Collins and the Maryland
5 Subclass.

6 439. Defendant intentionally and knowingly made these misrepresentations to induce
7 Plaintiff Collins and the Maryland Subclass to purchase its Contaminated Dog Foods.

8 440. Defendant knew that its representations about the Contaminated Dog Foods were
9 false in that the Contaminated Dog Foods were adulterated with pentobarbital. Defendant allowed
10 its packaging, labels, advertisements, promotional materials, and website to intentionally mislead
11 consumers, such as Plaintiff Collins and the Maryland Subclass.

12 441. Plaintiff Collins and the Maryland Subclass were ignorant of the falsity of the
13 representations made by Defendant about the Contaminated Dog Foods.

14 442. Plaintiff Collins and the Maryland Subclass did in fact rely on the truth of these
15 misrepresentations and purchased the Contaminated Dog Foods to their detriment. Given the
16 deceptive manner in which Defendant advertised, represented, and otherwise promoted the
17 Contaminated Dog Foods, Plaintiff Collins and the Maryland Subclass's reliance on Defendant's
18 misrepresentations was justifiable.

19 443. As a direct and proximate result of Defendant's concealment and suppression of

21 things, paying for Contaminated Dog Foods that were adulterated and unlawfully sold to
22 consumers, rendering the Contaminated Dog Foods of zero or de minimis value.

23 444. Plaintiff Collins and the Maryland Subclass seek actual damages, injunctive and

**(Negligent Misrepresentation against Defendant on Behalf of
the Maryland Subclass)**

1
2
3
4 445. Plaintiff Collins incorporates by reference and realleges each and every allegation
5 contained above, as though fully set forth herein.

6 446. Because of the relationship between the parties, Defendant owed a duty of care to
7 Plaintiff Collins and the Maryland Subclass to use reasonable care to impart correct and reliable
8 disclosures concerning the true nature, quality, and ingredients of the Contaminated Dog Foods,
9 or based upon its superior knowledge, to say enough to not be misleading.

10 447. Defendant breached its duty to Plaintiff Collins and the Maryland Subclass by
11 providing false, misleading, partial disclosures, and/or deceptive information regarding the true
12 nature, quality, and ingredients of the Contaminated Dog Foods that were purchased by Plaintiff
13 Collins and the Maryland Subclass.

14 448. Defendant knew or should have known that the ingredients, qualities, and
15 characteristics of the Contaminated Dog Foods were not as advertised or suitable for their intended
16 use, consumption by dogs, and was otherwise not as warranted and represented by Defendant.
17 Specifically, Defendant knew or should have known that: (1) certain of the Contaminated Dog
18 Foods were adulterated with pentobarbital; (2) the Contaminated Dog Foods were not, among
19 other things, safe, healthy, quality, and providing “100 percent complete and balanced nutrition”;
20 and (3) the Contaminated Dog Foods were otherwise not as warranted and represented by
21 Defendant.

22 449. Defendant knew or should have known that its false, misleading, partial disclosures,
23 and/or deceptive information regarding the true nature, quality, and ingredients of the
24 Contaminated Dog Foods would induce Plaintiff Collins and the Maryland Subclass to purchase
25 the Contaminated Dog Foods and incur loss and/or injury.

26 450. Defendant was negligent in communicating the false information, and therefore
27 failed to exercise reasonable care or competence.
28

1 451. Plaintiff Collins and the Maryland Subclass reasonably placed their trust and
2 justifiable reliance in Defendant's representations that the Contaminated Dog Foods are healthy,
3 safe, pure, quality, and that they were not adulterated with substances such as pentobarbital. Given
4 the deceptive manner in which Defendant advertised, represented, and otherwise promoted the
5 Contaminated Dog Foods, Plaintiff Collins and the Maryland Subclass's reliance on Defendant's
6 misrepresentations was justifiable when making their purchases.

7 452. As a result of Defendant's conduct, Plaintiff Collins and the members of the
8 Maryland Subclass have suffered damages in that they purchased Contaminated Dog Foods that
9 were not what Defendant represented and that they would not have purchased at all had they known
10 of the presence of pentobarbital.

11 453. Plaintiff Collins and the Maryland Subclass seek actual damages, injunctive and
12 declaratory relief, attorneys' fees, costs, and any other just and proper relief available.

13 **COUNT XXXIV**

14 **(Breach of Express Warranty, Md. Code Com. Law § 2-313,**
15 **against Defendant on Behalf of the Maryland Subclass)**

16 454. Plaintiff Collins incorporates by reference and realleges each and every allegation
17 contained above, as though fully set forth herein.

18 455. Defendant marketed and sold its Contaminated Dog Foods into the stream of
19 commerce with the intent that the Contaminated Dog Foods would be purchased by Plaintiff
20 Collins and the Maryland Subclass.

21 456. As set forth herein, Defendant made express representations to Plaintiff Collins and
22 the Maryland Subclass that the Contaminated Dog Foods are pure, quality, healthy, safe for
23 consumption, and provide 100 percent complete and balanced nutrition.

24 457. Defendant also made express representations to Plaintiff Collins and the Maryland
25 Subclass that the Contaminated Dog Foods meet all applicable regulations, including that they are
26 not adulterated dog food, by allowing their sale in various stores throughout the United States.

27

28

1 458. These promises became part of the basis of the bargain between the parties and thus
2 constituted express warranties.

3 459. There was a sale of goods, the Contaminated Dog Foods, from Defendant to
4 Plaintiff Collins and the Maryland Subclass members.

5 460. On the basis of these express warranties, Defendant sold the Contaminated Dog
6 Foods to Plaintiff Collins and the Maryland Subclass.

7 461. Defendant knowingly breached the express warranties by selling Contaminated
8 Dog Foods that were adulterated and contained pentobarbital.

9 462. Defendant was on notice of this breach as it was aware of the presence of
10 pentobarbital and/or the use of euthanized animals as a source of protein or meat by-product in the
11 Contaminated Dog Foods.

12 463. Plaintiff Collins and the Maryland Subclass relied on Defendant's express
13 warranties regarding the Contaminated Dog Foods in deciding whether to purchase Defendant's
14 products.

15 464. Privity exists because Defendant expressly warranted to Plaintiff Collins and the
16 Maryland Subclass that the Contaminated Dog Foods were pure, quality, healthy, safe for
17 consumption, unadulterated, and provided 100 percent complete and balanced nutrition.

18 465. Defendant's express warranties extend to Plaintiff Collins and the Maryland
19 Subclass, who are users of the Contaminated Dog Foods and/or persons affected thereby and it is
20 reasonable to expect that they may use and/or be affected by the Contaminated Dog Foods and be
21 injured by the breach of the warranty.

22 466. As a direct and proximate result of Defendant's conduct, Plaintiff Collins and the
23 Maryland Subclass sustained damages as they paid money for Contaminated Dog Foods that were
24 not what Defendant represented and were sold in violation of applicable regulations and laws.

25 467. Plaintiff Collins and the Maryland Subclass seek actual damages, injunctive and
26 declaratory relief, attorneys' fees, costs, and any other just and proper relief available thereunder
27 for Defendant's failure to deliver goods conforming to their express warranties and resulting
28 breach.

4 468. Plaintiff Collins incorporates by reference and realleges each and every allegation
5 contained above, as though fully set forth herein.

6 469. Defendant is a merchant engaging in the sale of goods to Plaintiff Collins and the
7 Maryland Subclass.

8 470. There was a sale of goods from Defendant to Plaintiff Collins and members of the
9 Maryland Subclass.

10 471. The purchased product was unfit for its ordinary purpose. At all times mentioned
11 herein, Defendant manufactured or supplied the Contaminated Dog Foods, and prior to the time
12 the Contaminated Dog Foods were purchased by Plaintiff Collins and the Maryland Subclass,
13 Defendant impliedly warranted to them that the Contaminated Dog Foods were of merchantable
14 quality, fit for their ordinary purpose (consumption by dogs), and conformed to the promises and
15 affirmations made by Defendant regarding the Contaminated Dog Foods, including that the food
16 was pure, quality, healthy, and safe for consumption, made of wholesome ingredients, and were
17 100 percent complete and balanced nutrition.

18 472. Defendant marketed its Contaminated Dog Foods with the intent, knowledge, and
19 reasonable expectation that Plaintiff Collins and the Maryland Subclass would justifiably rely on
20 its representations and affirmations regarding the Contaminated Dog Foods.

21 473. Plaintiff Collins and the Maryland Subclass justifiably relied on Defendant's
22 representations and affirmations with respect to the Contaminated Dog Foods' quality, ingredients,
23 and fitness for consumption when deciding what dog food to purchase.

24 474. Because the Contaminated Dog Foods contain pentobarbital, they were not fit for
25 their ordinary purpose, consumption by dogs, and did not conform to the Defendant's
26 representations and affirmations of fact when Plaintiff Collins and the members of the Maryland
27 Subclass purchased the Contaminated Dog Foods.

1 475. Defendant was on notice of this breach as it was aware of the presence of
2 pentobarbital and/or the use of euthanized animals as a protein or meat by-product source in the
3 Contaminated Dog Foods.

4 476. Privity exists because Defendant expressly warranted to Plaintiff Collins and the
5 Maryland Subclass that the Contaminated Dog Foods were pure, quality, healthy, safe for
6 consumption, unadulterated, and provided 100 percent complete and balanced nutrition.

7 477. Defendant's implied warranties extend to Plaintiff Collins and the Maryland
8 Subclass, who are users of the Contaminated Dog Foods and/or persons affected thereby and it is
9 reasonable to expect that they may use and/or be affected by the Contaminated Dog Foods and be
10 injured by the breach of the warranty.

11 478. As a direct and proximate result of Defendant's conduct, Plaintiff Collins and the
12 Maryland Subclass sustained damages as they paid money for Contaminated Dog Foods that were
13 not what Defendant represented and were sold in violation of applicable regulations and laws.

14 479. Plaintiff Collins and the Maryland Subclass seek actual damages, injunctive and
15 declaratory relief, attorneys' fees, costs, and any other just and proper relief available thereunder
16 for Defendant's failure to deliver goods conforming to its implied warranties and resulting breach.

27 483. Defendant engaged in "trade" or "commerce" under Washington Code section §
28 19.86.010(2)

1 484. The WCPA states that “[u]nfair methods of competition and unfair or deceptive
2 acts or practices in the conduct of any trade or commerce are hereby declared unlawful.” Wash.
3 Rev. Code § 19.86.020.

4 485. Defendant engaged in unfair competition and unfair, unlawful, or fraudulent

6 quality, healthy, and safe for consumption and by knowingly, intentionally, and/or negligently
7 concealing from Plaintiff Mayo and the Washington Subclass the fact that the Contaminated Dog
8 Foods were adulterated with pentobarbital, which was not readily discoverable. Defendant should
9 have disclosed such information because it was in a superior position to know the facts regarding
10 the true make-up and quality of the Contaminated Dog Foods. Plaintiff Mayo and the Washington
11 Subclass could not reasonably be expected to learn or discover the true facts regarding the make-
12 up and/or quality of the Contaminated Dog Foods.

13 486. The unconscionable, illegal, unfair and deceptive acts and practices of Defendant
14 impacts public interest and violate the WCPA.

25 495. These false representations were material to Plaintiff Mayo and the Washington

27 496. Defendant intentionally and knowingly made these misrepresentations to induce
28 Plaintiff Mayo and the Washington Subclass to purchase its Contaminated Dog Foods.

1 497. Defendant knew that its representations about the Contaminated Dog Foods were

4 511. Plaintiff Mayo incorporates by reference and realleges each and every allegation
5 contained above, as though fully set forth herein.

6 512. Defendant marketed and sold its Contaminated Dog Foods into the stream of
7 commerce with the intent that the Contaminated Dog Foods would be purchased by Plaintiff Mayo
8 and the Washington Subclass.

9 513. As set forth herein, Defendant made express representations to Plaintiff Mayo and
10 the Washington Subclass that the Contaminated Dog Foods are pure, quality, healthy, safe for
11 consumption, and provide 100 percent complete and balanced nutrition.

12 514. Defendant also made express representations to Plaintiff Mayo and the Washington
13 Subclass that the Contaminated Dog Foods meet all applicable regulations, including that they are
14 not adulterated dog food, by allowing their sale in various stores throughout the United States.

15 515. These promises became part of the basis of the bargain between the parties and thus
16 constituted express warranties.

17 516. There was a sale of goods, the Contaminated Dog Foods, from Defendant to
18 Plaintiff Mayo and the Washington Subclass members.

19 517. On the basis of these express warranties, Defendant sold the Contaminated Dog
20 Foods to Plaintiff Mayo and the Washington Subclass.

21 518. Defendant knowingly breached the express warranties by selling Contaminated
22 Dog Foods that were adulterated and contained pentobarbital.

23 519. Defendant was on notice of this breach as it was aware of the presence of
24 pentobarbital and/or the use of euthanized animals as a source of protein or meat by-product in the
25 Contaminated Dog Foods.

26 520. Plaintiff Mayo and the Washington Subclass relied on Defendant's express
27 warranties regarding the Contaminated Dog Foods in deciding whether to purchase Defendant's
28 products.

1 521. Privity exists because Defendant fraudulently and/or deceitfully expressly
2 warranted to Plaintiff Mayo and the Washington Subclass that the Contaminated Dog Foods were
3 pure, quality, healthy, safe for consumption, unadulterated, and provided 100 percent complete
4 and balanced nutrition.

5 522. As a direct and proximate result of Defendant's conduct, Plaintiff Mayo and the
6 Washington Subclass sustained damages as they paid money for Contaminated Dog Foods that
7 were not what Defendant represented and were sold in violation of applicable regulations and laws.

8 523. Plaintiff Mayo and the Washington Subclass seek actual damages, injunctive and
9 declaratory relief, attorneys' fees, costs, and any other just and proper relief available thereunder
10 for Defendant's failure to deliver goods conforming to their express warranties and resulting
11 breach.

13 **(Breach of Implied Warranty of Merchantability, Wash. Rev. Code § 62A.2-314,**

15 524. Plaintiff Mayo incorporates by reference and realleges each and every allegation
16 contained above, as though fully set forth herein.

17 525. Defendant is a merchant engaging in the sale of goods to Plaintiff Mayo and the
18 Washington Subclass.

19 526. There was a sale of goods from Defendant to Plaintiff Mayo and members of the
20 Washington Subclass.

21 527. The purchased product was unfit for its ordinary purpose. At all times mentioned
22 herein, Defendant manufactured or supplied the Contaminated Dog Foods, and prior to the time
23 the Contaminated Dog Foods were purchased by Plaintiff Mayo and the Washington Subclass,
24 Defendant impliedly warranted to them that the Contaminated Dog Foods were of merchantable
25 quality, fit for their ordinary purpose (consumption by dogs), and conformed to the promises and
26 affirmations made by Defendant regarding the Contaminated Dog Foods, including that the food
27 was pure, quality, healthy, and safe for consumption, made of wholesome ingredients, and were
28 100 percent complete and balanced nutrition.

1 528. Defendant marketed its Contaminated Dog Foods with the intent and reasonable
2 expectation that Plaintiff Mayo and the Washington Subclass would justifiably rely on its
3 representations and affirmations regarding the Contaminated Dog Foods.

4 529. Plaintiff Mayo and the Washington Subclass justifiably relied on Defendant's
5 representations and affirmations with respect to the Contaminated Dog Foods' quality, ingredients,
6 and fitness for consumption when deciding what dog food to purchase.

7 530. Because the Contaminated Dog Foods contain pentobarbital, they were not fit for
8 their ordinary purpose, consumption by dogs, and did not conform to the Defendant's
9 representations and affirmations of fact when Plaintiff Mayo and the members of the Washington
10 Subclass purchased the Contaminated Dog Foods.

11 531. Defendant was on notice of this breach as it was aware of the presence of
12 pentobarbital and/or the use of euthanized animals as a protein or meat by-product source in the
13 Contaminated Dog Foods.

14 532. Privity exists because Defendant fraudulently and/or deceitfully expressly
15 warranted to Plaintiff Mayo and the Washington Subclass that the Contaminated Dog Foods were
16 pure, quality, healthy, safe for consumption, unadulterated, and provided 100 percent complete
17 and balanced nutrition.

18 533. As a direct and proximate result of Defendant's conduct, Plaintiff Mayo and the
19 Washington Subclass sustained damages as they paid money for Contaminated Dog Foods that
20 were not what Defendant represented and were sold in violation of applicable regulations and laws.

21 534. Plaintiff Mayo and the Washington Subclass seek actual damages, injunctive and
22 declaratory relief, attorneys' fees, costs, and any other just and proper relief available thereunder
23 for Defendant's failure to deliver goods conforming to its implied warranties and resulting breach.

536. The Contaminated Dog Foods manufactured, distributed, marketed, and sold by Defendants are “commercial feed” within the meaning of the Minnesota Commercial Feed Law (MCFL).
